### **SOURCE A**

#### **Illegal Drugs**

Some young people take illegal drugs such as cannabis, ecstasy and cocaine for a variety of reasons such as peer pressure, boredom, curious to experiment and to escape the pressure and stress both at home and school.

There are other ways to deal with stress such as joining a local sports club or gym where the young person could try new activities and make new friends. This gives a young person something to look forward to and helps the person forget about problems.

Taking illegal drugs can cause physical, emotional and social health problems affecting the young person both at home and at school. Some of these effects can last a long time and may require the young person to seek help and support.

If a young person was concerned about taking illegal drugs they could join a local self-help group which could provide help, support and guidance to assist them to stop illegal drug use.
