

Figure 3:

Xscape

Xscape not only houses Snozone, the UK's largest indoor real snow slope but also is host to esporta's hi-tech fitness centre, two enormous indoor climbing walls, City Limits with its sports bar, hi-tech interactive games machines, ten-pin bowling with lanes that glow in the dark and Old Orleans restaurant serving Creole and Cajun food with a dash of New Orleans style.

In addition Xscape has some of the best sports and urban fashion shopping around.

And when you're worn out with all that skiing, climbing and shopping you can relax in any of the great bars, cafes and restaurants in Xscape. Try a refreshing smoothie in Absolutely Souper, some fiery chicken in Nando's, a light meal in Bar Citrus or Toad or elegant pasta dishes in ASK.
