TIME 30 minutes

INSTRUCTIONS TO CANDIDATES

- Write your name, Centre number and candidate number in the boxes above.
- Answer **all** the questions.
- Write your answers on the dotted lines unless the question says otherwise.
- Use blue or black ink. Pencil may be used for graphs and diagrams only.
- Read each question carefully and make sure you know what you have to do before starting your answer.
- There is a space after most questions. Use it to do your working. In many questions marks will be given for a correct method even if the answer is incorrect.
- Do not write in the bar code. Do not write in the grey area between the pages.
- **DO NOT WRITE IN THE AREA OUTSIDE THE BOX BORDERING EACH PAGE. ANY WRITING IN THIS AREA WILL NOT BE MARKED.**

INFORMATION FOR CANDIDATES

- You are expected to use a calculator in Section B of this paper.
- The number of marks is given in brackets [] at the end of each question or part question.
- The total number of marks for this Section is 25.
- Section B starts with question 7.

FOR EXAMINER'S USE	
Section B	

This question paper consists of 8 printed pages.

Formula Sheet

Area of trapezium = $\frac{1}{2} (a + b)h$

- 7 Two friends are on holiday in Amsterdam.
They have a sketch map showing some hotels and roads.

- (a) Starting from the station, which hotel do these instructions lead to?

Turn right out of the station.

Take the first left, then second right.

Then take the first left. The hotel is on the right-hand side.

(a)[1]

- (b) The thick black line shows the route from Hotel D to Hotel B.
Complete these directions for this route, using right and left.

Turn **...RIGHT...** out of Hotel D, take the second on the

then the first on the Hotel B is on your [2]
