If I could have just one wish
It would be to turn back time
To go back into the lonely past
To the days when you were mine.

If I could have just one wish
It would be to be with you
Because I know that in my heart
My love is forever true.

(f) Sequence of Events

Create a piece of music to describe this sequence of events:

A man is walking alone along a street at night. He hears a frightening noise behind him and starts to run. He enters his house and tries to close the door but something stops him.
