Section B

Questions based on the preliminary material

These questions are linked to the scenario which was released before the examination and which is repeated below.

Answer **all** questions in the spaces provided.

Rachel is a popular 15-year-old girl who belongs to a 'sporty' family. She attends the local comprehensive school where she is a prefect and sports captain. Rachel is due to take GCSE Physical Education at the end of the school year. She is interested in sports technology and is a Young Ambassador.

Rachel enjoys sport and has represented the school and county at football, swimming and cross country. Rachel's cross country running helps her keep fit to play in the midfield for football and to take part in four swimming sessions a week. Outside of school, Rachel has been a member of a swimming club, where her mother is a coach, since she was six years old. She has, with a group of friends, just become a member of a newly formed local football club, which is struggling to establish itself. She trains and competes regularly for both clubs.

In her role as sports captain, Rachel helps to organise sports competitions for younger students in her school and assists the Physical Education Department with lunchtime activities.

Total for this question: 20 marks

18 (a) Rachel takes part in a lot of physical activity and she may experience fatigue as a result.

State what fatigue is and explain the effects it could have on Rachel's performance in **one** of her chosen activities.

18 (b) Rachel's football club has only just been formed and needs to attract sponsorship.

18 (b) (i) Describe **one** acceptable type of sponsorship that would be useful to the football club.

.....
.....
.....
.....

(2 marks)

18 (b) (ii) Explain why an alcohol company may not be an acceptable sponsor for Rachel's football club.

.....
.....
.....
.....

(2 marks)

18 (c) State **two** components of physical fitness that Rachel would need when taking part in either football, swimming or cross country. Explain how these components could improve her performance in that activity.

.....
.....
.....
.....
.....
.....
.....
.....

(4 marks)

Total for this question: 20 marks

19 (a) Name **two** social groups and explain how they may have influenced Rachel's decision to participate in football, swimming and cross country.

.....

.....

.....

.....

.....

.....

.....

.....

(4 marks)

19 (b) Rachel works with younger students in her school and has become a role model.

Explain what a role model is and describe how they can affect the level of participation in a sport.

.....

.....

.....

.....

.....

.....

.....

.....

(4 marks)

19 (c) Rachel's body type is mesomorph and is well suited to her chosen sporting activities.

Describe a mesomorph body type and explain why this body type helps Rachel to perform well in her chosen sporting activities.

.....
