* Centres should check the specifications to ensure that they adhere to the activity combination's rubric and should note that candidates may only choose to be assessed in the role of either coach/leader or official **once** across both units B452 and B454. Please also note that candidates must be assessed in 2 different activity profiles in unit B452.

Authenticity declaration – to be made by the person responsible for coordinating the internal assessment and standardisation of GCSE Physical Education: I confirm that the above marks are an accurate reflection of the candidates' performance and have been subjected to internal standardisation prior to submission. I also confirm that the assessment complies with the requirements outlined within the specifications and the OCR GCSE Physical Education J086/J586 Guide to Controlled Assessment.

INSTRUCTIONS FOR COMPLETION

Internal assessors must:

- 1) be thoroughly familiar with **and** mark to the controlled assessment generic criteria for performance, coaching/leading and/or officiating and guidance given in the appropriate sections of the specification, the activity specific criteria and guidance available in the *Guide to Controlled Assessment* and the General Controlled Assessment Regulations found in the *OCR Admin Guide*.
- 2) comply with the specifications' rubric concerning both the combination of activities and the combination of roles.
- 3) list the candidates in candidate number order which will allow ease of transfer of marks to the computer printed mark sheets (MS1).
- 4) carry out internal moderation to ensure that the total mark awarded to each candidate reflects a single, valid and reliable order of merit for each activity.
- 5) carry out internal standardisation of all marks to ensure that each activity has been assessed as if it had been assessed by the same internal assessor.

When completing this form, internal assessors must:

- 1) enter the two practical marks for each unit in the appropriate columns together along with the activity codes. Add these two marks together to give the **total practical mark** for that unit (maximum mark 50).
- 2) enter the analysis task mark for each unit in the appropriate column (AL or AP). Divide the analysis task mark by 2 to give the **total analysis task mark** for that unit (maximum mark 10). Round up 0.5 marks to the next whole number. For the B454 Analysing Performance task only enter the relevant activity code in the 'AP Code' column.
- 3) for each unit, add the **total practical mark** (maximum 50) to the **total analysis task mark** (maximum 10) to give the **unit's total mark** (maximum 60).
- 4) ensure that the addition of marks is independently checked.

What to input into column C:

- Where candidates are entering either B452 or B454 for the first time in this current series then the appropriate unit number (2 or 4) should be used. If they are entering both B452 and B454 in this current series then the letter 'B' should be used.
- Where candidates have already been entered for B452 or B454 in a previous series and are entering their second practical unit then the appropriate unit number (2 or 4) should be used to identify the unit being assessed in this current series. Columns D - T must be completed with **both** units information.
