Guidance notes:

Special activity submissions should follow the above format. The detail included should be similar to that used in the specific criteria for activities in the same activity profile in which the proposed activity fits. In some cases, the detail may be the same but should still be included. Centres should refer to the special activity submission guidance in section 2.2 for further information and guidance on how to complete this form.

All sections of the form should be completed appropriately – sections which are not completed would indicate non-compliance with the rules set out for approval of any submissions from centres unless not applicable.

Special activity submissions must be made on or before 15 October of the academic year in which the activity will be assessed. Late submissions will **not** be accepted. The Special activity submission form is available to download from the OCR website. Forms must be **word processed** and **emailed** to OCRs Customer Contact Centre marked for the attention of the GCSE Physical Education Qualifications Manager.
