Teacher-Examiner Instructions

The format of the test is the same for Foundation and Higher Tiers as all candidates will carry out two role-play tasks and take part in two conversations, each on a different topic. Speaking tests must last between **8-9 minutes (Foundation)** and **11-12 minutes (Higher)**.

Role-plays

The role-play tasks will be presented in the form of instructions in English together with visual stimuli or short prompts. All role-plays will be marked for communication and content only. Candidates will be allocated preparation time (without dictionary access) immediately in advance of the test.

Role-play A is a simple transaction requiring the student to convey four basic pieces of information. It will usually be a task related to shopping, tourist requirements, café/restaurant or accommodation situations that will involve a limited range of vocabulary and structure. (Foundation Tier only)

Role-play B is a transaction that will involve a limited amount of unpredictability (one element) and will occur in a wider range of settings. (Foundation and Higher Tiers)

Role-play C will involve two unpredictable elements and will cover a different topic area. (Higher Tier only)

Conversations

Candidates must undertake two conversations and will be assessed globally on the basis of their overall performance across both topics.

Conversation 1:

- Candidates will have a free choice of first conversation topic.
- This will be agreed with the teacher in advance of the speaking test and must relate to **one** of the five main topic areas prescribed in the specification.

Conversation 2:

- The second conversation topic must relate to a different main topic area prescribed in the specification.
- Teacher-Examiners will choose the second conversation topic from two alternatives prescribed by Edexcel.
- These alternatives will be printed at the foot of the right hand column for each Role-play B in the Teacher-Examiner's Handbook. These alternatives are for the eyes of the Teacher-Examiner only and are confidential. They must not be communicated to the candidate prior to completion of Conversation 1. They will therefore appear in the Handbook only and **not** on the candidate's role-play card.
- Teacher-Examiners may choose **either** of these alternatives, **unless the candidate has already used one of them for Conversation 1.**
- If the candidate has already used one of the alternatives for Conversation 1, it is not permissible for the Teacher-Examiner to choose the same main topic area and to focus on a different sub-topic.
- The Teacher-Examiner will announce either in English or in the target language the chosen topic for Conversation 1 and for Conversation 2 at the beginning of each conversation. The candidate will not know the topic for Conversation 2 until this announcement.

Foundation Speaking

Role-play A – Teacher-Examiner Instructions

Role-play A is the first role-play for the Foundation Tier. The role-play assesses a simple transaction and the candidate's ability to interact with a speaker of the target language. Each role-play involves four tasks, eg a greeting, asking for one (or two) items, stating the colour, size or quantity needed, asking the price, saying thank you or goodbye. Teacher-Examiners must select a role-play card for role-play A according to the correct role-play examining sequence.

Candidate's role-play card

The role-play card includes a brief context in English and visuals to indicate what the candidate should say. Where there is a choice of two or three visuals, the candidate must choose **one** of the items shown.

Teacher-Examiner's guidelines

Teacher-Examiners are reminded that they must read out the target-language introduction. The suggested scenario should be followed as closely as possible as any tasks or key vocabulary supplied by the Teacher-Examiner cannot be credited.

The candidate should be given the opportunity to attempt every task.

The Teacher-Examiner must not rephrase any of the questions.

Marking

Any vocabulary in **square brackets** is not essential for the candidate to say in order to gain full marks. **Round brackets** are used to indicate an example of a candidate's response when the question invites a range of different possible answers.

An example on an A role-play card might be: **I'd like a (coffee) [please].**

Assessment Criteria – *Role-play A*

Marks for role-play performances are awarded positively on a scale of 1-10 using the assessment grid below. The mark awarded reflects the extent to which the task as a whole has been successfully communicated and completed. To determine if a candidate should gain the upper or lower number of marks in the box which best describes the performance, it is important to refer to the boxes above and below. If the candidate's performance borders more on the performance of the box below than the box above, then the lower mark is allocated. On certain occasions, a candidate's performance may require a 'best fit' mark.

Role-Play C – Teacher-Examiner Instructions

Role-play C is the second role-play for the Higher Tier.

Information is given to the candidates in the English context and in the target-language stimulus.

The elements to be covered are indicated by numbered bullet points in the target language.

There are **two** unpredictable elements, indicated to the candidate by an exclamation mark !.

Teacher-Examiners must select a role-play card for role-play C according to the correct role-play examining sequence.

Candidate's role-play card

The role-play card includes a brief context in English and a target-language stimulus.

These are followed by numbered points in the target language to indicate the elements to be covered. A question mark means the candidate is expected to ask a question.

Teacher-Examiner guidelines

The introduction must be read at the beginning of the role-play.

Two unpredictable elements are supplied. The Teacher-Examiner must introduce these as scripted in the role-play.

The unpredictable elements must not be rephrased, but may be repeated. Each unpredictable element should be expanded by the candidate as appropriate.

Teacher-Examiners are reminded that no credit can be given to candidates for key vocabulary and/or structures supplied by the teacher.

An ending is given to help Teacher-Examiners to bring the role-play to a natural close.

Assessment Criteria – *Role-play C*

Marks for role-play performances are awarded positively on a scale of 1-10 using the assessment grid below. The mark awarded reflects the extent to which the task as a whole has been successfully communicated and completed. To determine if a candidate should gain the upper or lower number of marks in the box which best describes the performance, it is important to refer to the boxes above and below. If the candidate's performance borders more on the performance of the box below than the box above, then the lower mark is allocated. On certain occasions, a candidate's performance may require a 'best fit' mark.

Role-play C	Communication and Content
9-10	All prescribed elements conveyed without prompting from the Teacher-Examiner. Takes the initiative and expands. Deals with both unpredictable elements without difficulty. Very little or no hesitation.
7-8	Conveys all predictable information required and attempts unpredictable with partial success (or) conveys both unpredictable elements and conveys most of the predictable information required. Produces extended replies. Minimal hesitation evident.
5-6	One element omitted or whole role-play attempted, but not successfully. A degree of hesitation evident but not unduly reliant on the Teacher-Examiner. Some significant language error which impedes communication to some extent. Unable to deal with unpredictable elements.
3-4	Conveys some of the prescribed elements without ambiguity. Hesitant and reliant to some extent on the Teacher-Examiner. Does not attempt some of the tasks.
1-2	Conveys only one element without ambiguity. Extremely hesitant. Communication seriously impaired through poor pronunciation and language errors.
0	No effective communication.

Paper 2: Oral
Suggested Conversation Questions

A selection of topic-based questions for the conversation element of the speaking test is included.

The questions are not in sequence; nor are they mandatory, and they may be rephrased or substituted by others within the same topic area. Teachers-Examiners may also use their own questions or variations on the questions provided.

Closed questions may be used to introduce a new line of questioning but the candidates should be encouraged to expand on their answers.

Questions using a range of tenses and questions eliciting personal opinions should be included in the Foundation Tier conversation to ensure that candidates are given the opportunity to fulfil the grade descriptions for all the available grades at Foundation Tier.
