

TWENTY FIRST CENTURY SCIENCE

International General Certificate of Secondary Education

Grade thresholds taken for Syllabus 0608 (Twenty First Century Science) in the May/June 2011 examination.

	maximum mark available	minimum mark required for grade:			
		A	C	E	F
Component 1	40	N/A	23	18	15
Component 2	40	30	20	16	13
Component 3	60	N/A	33	26	21
Component 4	60	33	21	14	9
Component 5	60	32	24	16	10

The threshold (minimum mark) for B is set halfway between those for Grades A and C. The threshold (minimum mark) for D is set halfway between those for Grades C and E. The threshold (minimum mark) for G is set as many marks below the F threshold as the E threshold is above it. Grade A* does not exist at the level of an individual component.

The thresholds for the **syllabus** are determined first by adding together the thresholds for the components taken by the candidate. A reduction may be made at the higher grades depending on the correlation of the papers. If the maximum raw marks for the components are not in the weighting/relationship specified in the syllabus, a weighting is applied to arrive at the overall thresholds. The A* threshold is calculated using the difference between A and B as a starting point.

The maximum total mark for this syllabus is **200**.

The overall thresholds for the different grades were set as follows.

Option	Combination of components	A*	A	B	C	D	E	F	G
A	01, 03, 05, 06	N/A	N/A	N/A	106	93	80	63	46
B	02, 04, 05, 06	143	124	105	87	74	62	45	28

Grade Thresholds are published for all GCE A/AS and IGCSE subjects where a corresponding mark scheme is available.
