MARK SCHEME for the October/November 2010 question paper for the guidance of teachers

0452 ACCOUNTING

0452/22

Paper 2, maximum raw mark 120

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

• CIE will not enter into discussions or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the October/November 2010 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

ONE acceptable reason required in each case (1) each

[4]

(e) (i) Non-financial aspects

Accounts only record information which can be expressed in monetary terms. (1) This means that there are many important factors which influence the performance of a business which will not appear in the financial statements (final accounts) e.g. quality of management, goodwill, skill of workforce etc. (1)

(ii) Historical cost

Transactions are always recorded at the actual cost. (1)

This means that it can be difficult to compare transactions which have taken place at different times because of the effect of inflation. (1) [4]

Long term loan

Sale of surplus non-current (fixed) assets

Reduction in drawings

Or other suitable points

Any 2 points (1) each [2]

(e) Does not include inventory (stock) in the calculation. (1)

Either

Inventory (stock) is not regarded as a liquid asset – a buyer has to be found and then the money collected. Some goods may prove to be unsaleable. (1)

Or

The quick ratio shows whether the business would have any surplus liquid funds if all the current liabilities were paid immediately from the liquid assets. (1) [2]
