## MARK SCHEME for the October/November 2013 series

# 0452 ACCOUNTING

MMM. Hiremepapers.com

0452/22

Paper 2, maximum raw mark 120

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the October/November 2013 series for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level components and some Ordinary Level components.

(b) It would appear that not all the errors have been discovered (1) as there is still a balance on the suspense account (1)

#### Or - if the candidate's suspense account is closed -

It would appear that all the errors have been discovered (1) as there is no balance remaining on the suspense account (1) [2]

(c) Only errors that affect the balancing of the trial balance are corrected using a suspense account. (1)

Error 3 (The omission of goods for own use) does not affect the balancing of the trial balance and so is not corrected using that account. (1) [2]
