Accounting

Paper 1

Monday 10 November 2008 – Afternoon

Time: 2 hours 30 minutes

Materials required for examination	Items included with question papers
Nil	Nil

Instructions to Candidates

In the boxes above, write your centre number, candidate number, your surname, initials and signature. The paper reference is shown at the top of this page. Check that you have the correct question paper. Answer ALL the questions in Section A and Section B in the spaces provided in this question paper. Final accounts and balance sheet may be set out in a range of acceptable forms. You may draw up your own ruling for final accounts and balance sheet.

Ledger accounts and books of original entry should be completed (if required) in the format required by the layout given.

Information for Candidates

The total mark for this paper is 100.

The marks for individual questions and the parts of questions are shown in round brackets: e.g. (2). There are 6 questions in this question paper. Any blank pages are indicated.

There are 4 ruled pages at the end of this question paper which you may use if you cannot fit your answer in the space provided.

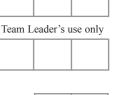

Advice to Candidates

You are reminded of the importance of clear English and careful presentation in your answers.

Question 3

Luke and Simon have been partners for some years in a travel business. They share profits and losses equally.

The business final accounts have been prepared and the appropriation account is as follows.

Luke and Simon Appropriation Account For year ended 30 September 2008

		£	£
Net profit for the year			75 000
Interest on drawings:	Luke	500	
	Simon	<u>750</u>	
			<u>1250</u>
			76250
Interest on capitals:	Luke	12 000	
	Simon	<u>10000</u>	
			22 000
Partnership salary:	Luke		<u>5 000</u>
			49 250
Share of remaining profit:	Luke	24 625	
	Simon	<u>24 625</u>	
			49 250

In addition the following balances appeared in the partnership books on 30 September 2008.

Account	£
Premises	200 000
Bank	7 0 2 5
Insurance prepaid	260
Light and heat owing	200
Fixtures and fittings (Cost)	25 000
Provision for depreciation (furniture and fittings)	12 500
Debtors	6500
Provision for doubtful debts	195
Creditors	4200
Capital accounts: Luke	120 000
Simon	100 000
Current account balances (1 October 2007): Luke	2340 (Cr)
Simon	650 (Dr)
Drawings for the year: Luke	35 000
Simon	40 000

Leave blank

(a) Prepare the current accounts of Luke and Simon as they would appear in the ledger.

Question 6

Ben Farrell is the owner of a retail business which has been operating successfully for a number of years.

The business's summarised profit and loss account for the last two years is shown below:

	Year ended 30 June 2007	Year ended 30 June 2008	
	£ 000	£ 000	
Turnover	480	720	
Cost of sales	240	396	
Average stock	36	44	
Gross profit	240	324	
Variable expenses	80	95	
Fixed expenses	18	18	
Net profit	142	211	

(a) Stating clearly the formula used, calculate the Net Profit Margin for each of the two

Net Profit Margin for year ended 30 June 2007

Net Profit Margin for year ended 30 June 2008

Formula
Mark up for year ended 30 June 2007
Mark up for year ended 30 June 2008
Stating clearly the formula used, calculate the Rate of Stock Turnover for each of the two years. Formula
Stating clearly the formula used, calculate the Rate of Stock Turnover for each of the two years. Formula
Stating clearly the formula used, calculate the Rate of Stock Turnover for each of the two years. Formula

Leave blank

Ben believes that the improvement in the net profit for the year ended 30 June 2008 was due to the following.

- Turnover increased as a result of (i) cutting selling prices and (ii) changes in the quality of stock
- Running costs were reduced as a result of improved efficiency in operating the business

(d)	To what extent do you agree with Ben? Use figures to support your answer.
