## Edexcel IGCSE in Accounting (4ACO)

First examination 2011

Edexcel, a Pearson company, is the UK's largest awarding body, offering academic and vocational qualifications and testing to more than 25,000 schools, colleges, employers and other places of learning in the UK and in over 100 countries worldwide. Qualifications include GCSE, IGCSE, AS and A Level, NVQ and our BTEC suite of vocational qualifications from entry level to BTEC Higher National Diplomas, recognised by employers and higher education institutions worldwide.

We deliver 9.4 million exam scripts each year, with more than $90 \%$ of exam papers marked onscreen annually. As part of Pearson, Edexcel continues to invest in cutting-edge technology that has revolutionised the examinations and assessment system. This includes the ability to provide detailed performance data to teachers and students which help to raise attainment.

## Acknowledgements

## Introduction

The Edexcel International General Certificate of Secondary Education (IGCSE) in Accounting is designed for schools and colleges. It is part of a suite of IGCSE qualifications offered by Edexcel.

## About this guide

This guide is for teachers who are delivering or planning to deliver the Edexcel IGCSE in Accounting (4AC0) qualification. The guide supports you in delivering the course content and explains how to raise the achievement of your students. The guide:

- gives an example scheme of work
- gives details of the Assessment Objectives and criteria
- suggests a range of possible textbooks and other resources
- offers advice on how to help students reach their full potential
- shows how to use the assessment criteria throughout the course of study to indicate individual student development and performance.

## Why choose this qualification?

The Edexcel IGCSE in Accounting is designed as a two-year course. As students progress through the course they are introduced to new ideas and concepts while continuing to use and reinforce previously learned concepts and skills. Students who follow this course successfully will have a good understanding of accounting and its applications, and will find it easy to make the transition to the study of GCE AS or Advanced Level in Accounting.

The Edexcel IGCSE in Accounting:

- offers a course for students of various ages and from diverse backgrounds in terms of general education and lifelong learning
- offers comprehensive and detailed description of the subject content
- provides assessment opportunities in both January and June examination series
- is 100 per cent examined with a single tier of entry for the whole ability range
- provides a sound foundation for further study of accounting.

Visit www.edexcel.com/igcse2009 for more information about this IGCSE and related resources.

## Support from Edexcel

We are dedicated to giving you exceptional customer service. Details of our main support services are given below. They will all help you to keep up to date with IGCSE 2009.

## Website

Our dedicated microsite www.edexcel.com/igcse2009 is where you will find the resources and information you need to successfully deliver IGCSE qualifications. To stay ahead of all the latest developments visit the microsite and sign up for our email alerts.

## Ask Edexcel

Ask Edexcel is our free, comprehensive online enquiry service. Use Ask Edexcel to get the answer to your queries about the administration of all Edexcel qualifications. To ask a question please go to www.edexcel.com/ask and fill out the online form.

## Ask the Expert

This free service puts teachers in direct contact with over 200 senior examiners, moderators and external verifiers who will respond to subject-specific queries about IGCSE 2009 and other Edexcel qualifications.

You can contact our experts via email or by completing our online form. Go to www.edexcel.com/asktheexpert for contact details.

## Regional offices

If you have any queries about the IGCSE 2009 qualifications, or if you are interested in offering other Edexcel qualifications your Regional Development Manager can help you. Go to www.edexcel.com/international for details of our regional offices.

## Head Office - London

If you have a question about IGCSE 2009 and are not sure who you need to ask email us on IGCSE2009@edexcel.com or call our Customer Services Team on +44 (0) 1204770696.

## Training

A programme of professional development and training courses, covering various aspects of the specification and examination is available. Go to www.edexcel.com for details.

## Section A: Qualification content

## Introduction

There have been minimal changes from the legacy Edexcel GCE O Level and IGCSE in Accounting to the IGCSE in Accounting (4AC0), the changes are summarised below.

## Information for Edexcel centres

## Changes to content from Edexcel O Level (7011) and IGCSE (4305) to this qualification

The IGCSE in Accounting (4AC0) amalgamates elements from both the legacy Edexcel GCE O Level in Accounting (7011) and the legacy Edexcel IGCSE in Accounting (4305). Much of the content remains unchanged, with the 10 content areas retained, so it should be familiar to centres from either of the legacy qualifications.

There have been no major changes to the subject content with only minor changes to the ordering of the content, as shown below.

| Legacy Edexcel O Level content order |  | This qualification content order |  |
| :--- | :--- | :--- | :--- |
| 1 | Books of original entry | 1 | Books of original entry |
| 2 | The ledger | 2 | The ledger |
| 3 | Trading account, profit and loss account, <br> balance sheet of a sole trader | 3 | Trading account, profit and loss <br> account, balance sheet of a sole trader |
| 4 | Adjustments | 4 | Adjustments |
| 5 | Partnerships | 5 | Incomplete records |
| 6 | Non-profit-making organisations | 6 | Non-profit-making organisations |
| 7 | Manufacturing accounts | 7 | Manufacturing accounts |
| 8 | Incomplete records | 8 | Partnerships |
| 9 | Limited companies | 9 | Limited companies |
| 10 | Analysis and interpretation of accounts | 10 | Analysis and interpretation of accounts |

## Changes to assessment from Edexcel O Level (7011) and IGCSE (4305) to this qualification

The examination structure has been simplified with the removal of the optional computerised paper, meaning that all students sit one written paper - available in both June and January examination series.

## Section B: Assessment

## Assessment overview

This qualification is assessed through a 2 -hour and 30 -minute examination paper, set and marked by Edexcel. The paper will be a question and answer booklet and all questions are compulsory.

The table below gives an overview of the assessment for this course. We recommend that you make this information available to students so that they are fully prepared and know exactly what to expect in each assessment.

| Paper 1 | Percentage | Marks | Availability |
| :--- | :--- | :--- | :--- |
| Section A <br> This section comprises 10 <br> multiple-choice questions, <br> drawn from all sections of the <br> subject content. | 10 | 10 | The first assessment <br> opportunity for Paper 1 of this <br> qualification will take place in <br> the June 2011 series and in <br> each following January and <br> June series for the lifetime of <br> the qualification. |
| Section B |  | 90 |  |
| This section comprises five <br> questions, drawn from all <br> sections of the subject content. | 90 |  |  |
| There will be a range of <br> question types, including the <br> preparation of ledger accounts <br> and sets of final accounts for <br> different types of business <br> organisations. Questions <br> requiring narrative responses <br> and the use of formulae will <br> also be included. |  |  |  |

## Assessment Objectives and weightings

|  | $\begin{gathered} \% \text { in } \\ \text { IGCSE } \end{gathered}$ |
| :---: | :---: |
| AO1: demonstrate a knowledge and understanding of accounting terminology, principles, procedures and techniques | 30\% |
| AO2: apply accounting knowledge and understanding to assemble and classify accounting data in a variety of situations | 30\% |
| AO3: select, organise, interpret and use information to analyse problems and issues | 30\% |
| AO4: evaluate accounting information to make reasoned judgements and present conclusions accurately, logically and appropriately | 10\% |
| Total | 100\% |

## Assessment summary

## Description

Both sections will contain compulsory questions based on all sections of the specification content.
In Section A questions will be set to cover a wide range of abilities including those requiring some calculation.
In Section B it is expected that questions requiring the preparation of a full set of final accounts will regularly be set. Additionally, questions covering the principles of bookkeeping will be included in several questions.

It is expected that students will also be required to provide an evaluation of a business's accounts and be expected to produce several written answers.

Students may use a calculator in the examination.

## Knowledge and skills

All of the Assessment Objectives (AOs) covered in this assessment.

Details of these, and their weightings are given in the table above. The percentages are not intended to provide a precise statement of the number of marks allocated to each Assessment Objective.
No prior level of attainment is necessary for students to undertake a course of study based on this syllabus. In order to achieve a pass grade in this paper students will be required to clearly demonstrate:

- numeracy skills in the context of a business's accounts
and
- literacy skills through description and explanation.

## Examination questions

The exam paper consists of two sections:

- Section $\mathbf{A}$ - This section comprises 10 multiple-choice questions, drawn from all sections of the specification content.
- Section B - This section comprises five questions, drawn from all sections of the specification content.

## Example of the range of questions to be included in Section A

For each question, choose the best answer $\mathbf{A}, \mathbf{B}, \mathbf{C}$ or $\mathbf{D}$ (the correct answer is highlighted). In the examination students will be expected to put a cross in the box to mark their answer further examples can be seen in the sample assessment materials (SAMs) available on the Edexcel website.
(a) Which business document is issued when goods are sold to another business?

A invoice
B credit note
C purchase order
D debit note
(b) In which book would a credit note sent to a customer be recorded?

A purchases returns day book
B sales day book
C sales returns day book
D general journal
(c) An error of principle is made if

A a total has been wrongly cast
B an entry is made in the wrong account within the correct class
C a transaction has been entered on the wrong side of an account
D an entry is made in the wrong class of account
(d) The turnover of a business is the

A rate of stock turnover
B sales less returns inwards
C purchases less returns outwards
D net sales less bad debts

## Example of the range of questions to be included in Section $B$

The following question is an example of a typical final accounts question covering Section 3 of the specification. Another example can be found in the SAMs (question 13) available on the Edexcel website.

## Question 1

The following trial balance of Sanjoy Patel, a shopkeeper, has been extracted from his books of account on 30 April 2008 after the preparation of his trading account for the year ended 30 April 2008.

| Account | Debit <br> $\mathbf{f}$ | Credit <br> $\mathbf{f}$ |
| :--- | :---: | :---: |
| Gross Profit |  | 185652 |
| Wages and Salaries | 77000 |  |
| Rent and Rates | 10974 |  |
| Postage and Telephone | 2798 |  |
| Advertising | 1782 |  |
| Sundry Expenses | 13950 |  |
| Motor Vehicles (Cost) | 20000 |  |
| Provision for Depreciation (Motor Vehicles) |  | 50000 |
| Fixtures and Fittings (Cost) |  |  |
| Provision for Depreciation (Fixtures and Fittings) | 17480 |  |
| Profit on Disposal of Motor Vehicle | 4260 |  |
| Closing Stock | 250 |  |
| Debtors |  | 18000 |
| Bad Debts |  | 17492 |
| Provision for Doubtful Debts | 19302 |  |
| Creditors |  | 15000 |
| Cash at Bank | 1250 |  |
| Bank Loan | 1124 |  |
| Loan Interest |  | 28224 |
| Cash in Hand | 56883 |  |
| Capital | $\mathbf{2 7 7 0 5 3}$ | $\mathbf{2 7 7 0 5 3}$ |
| Drawings |  |  |
|  |  |  |
|  |  |  |

The following additional information is available on 30 April 2008 and is to be taken into account.

- The figure shown for wages and salaries covers the 11 months to 31 March 2008. Salaries for April 2008 are due and unpaid. There have been no salary increases or changes in staff over the past 12 months.
- The loan commenced on 1 May 2006 with a fixed interest rate of $10 \%$ per annum. The loan is due for repayment in 2010.
- Motor Vehicles are to be depreciated by $25 \%$ using the reducing balance method.
- Fixtures and Fittings are to be depreciated by $20 \%$ using the straight line method.
- During the year ended 30 April 2008, Sanjoy paid $£ 1500$ for a personal holiday. This has been paid from the business bank account and is included in sundry expenses.
- The provision for doubtful debts is to be maintained at $5 \%$ of closing debtors.
- A debt of $£ 1250$ owed by Amit Shah, written off as a bad debt by Sanjoy in the year ended 30 April 2006, was recovered in full on 23 April 2008. No entries to record the recovery of the bad debt have been made. Sanjoy still has the cash received from Amit in a drawer at his home.
(a) Prepare the profit and loss account for the year ended 30 April 2008.
(b) Prepare the balance sheet (with relevant sub-headings) at 30 April 2008.

## Model answers to this question are shown below．

Question 1（a）
Sanjoy Patel－Profit and Loss Account－For Year Ended 30 April 2008

|  | £ | £ | £ |
| :---: | :---: | :---: | :---: |

$29 x^{\checkmark}=13$ marks

## Examiner＇s comments

The model answers for both parts of the question show the marking points and what is required to achieve full marks in this question．In marking this type of question，examiners are looking for both neatness and accuracy．Students should be aware that a common inaccuracy in this type of question often stems from errors made in dealing with the adjustments．

The following question is an example of a typical double entry bookkeeping question which covers Sections 1 and 2 of the specification. This question is designed primarily to test the student's knowledge of a bookkeeping system and the correct postings to the nominal ledger and subsidiary (sales and purchases) ledgers. The example is taken from the SAMs (question 12).

However, centres should note that while the format of this question may alter in different exam sessions, the skills and knowledge assessed will be the same. For example, students may be asked to complete the postings from the cash book to the ledgers in addition to the other tasks. An example of this style has been given in question 3.

## Question 2

The question begins on the next page. The mark scheme in the SAM gives the correct answers.
Throughout the question assume a VAT amount of $10 \%$.
12. Steven Brock is a wholesaler of electrical goods. He buys and sells mainly on credit terms Currently none of his suppliers offer cash discount.

On the 1 April 2008 his purchases ledger contained the following credit balances.

| T Farmer | $£ 1500$ |
| :--- | :--- |
| D Poynter | $£ 4500$ |
| H Judd | $£ 6000$ |
| D Jones | $£ 3000$ |

The following are extracts from his books for April 2008.
Purchases Journal

| Date | Narration | Goods | VAT | Total |
| :--- | :--- | :---: | :---: | :---: |
|  |  | £ | $£$ | $£$ |
| April 1 | T Farmer | 1250 | 125 | 1375 |
| April 5 | H Judd | 2000 | 200 | 2200 |
| April 13 | D Poynter | 500 | 50 | 550 |
| April 21 | T Farmer | 2750 | 275 | 3025 |
| April 28 | D Jones | 750 | 75 | 825 |
|  | Totals for Month | 7250 | 725 | 7975 |

Returns Outwards Journal

| Date | Narration | Goods | VAT | Total |

## Question 3

Throughout this question, assume the rate of VAT is $10 \%$.
Mihai Shah's business sells computer supplies.
On 1 April 2008 he had the following balances in his General Ledger.

| Account | $\mathfrak{£}$ |
| :--- | :--- |
| Purchases | 80000 |
| Purchases Returns | 2000 |
| Purchase Ledger Control Account | 30000 |
| VAT (Credit Balance) | 5000 |
| Rent | 3000 |
| Stationery | 2500 |
| Bank Loan | 10000 |

(a) Enter these opening balances into the accounts under the General (Main) Ledger.

On that date he also had the following balances in his Creditors (Purchases) Ledger.

| Account | $\mathbf{£}$ |
| :--- | :--- |
| Allen \& Co | 4000 |
| H Ball | 8000 |
| R Charles Ltd | 6000 |
| B Davies | 12000 |

(b) Enter these opening balances into the accounts under the Creditors (Purchases) Ledger.
(2 marks)

During the month of April 2008 the following transactions took place and have been entered into the relevant books of original entry as shown below.

## Purchases Day Book

| Date | Narration | Invoice <br> Number | Goods | VAT | Total |
| :--- | :--- | :--- | :--- | :--- | :--- |

$8 \mathrm{x} \checkmark=4$ marks

## Examiner's comments

This model answer represents an answer which may be provided by an ' A ' grade student. A ' C ' grade student should be able to obtain around 18 of the available marks and may have made some errors in dealing with the entries from the cash book, or inappropriate narratives. In marking this type of question, examiners are looking for entries on the correct side, the correct use of narratives and the correct procedure for balancing off if required by the question.

For further guidance, centres can refer to sample assessment materials and to previous examination series papers and mark schemes as they become available.

## Student tips

In order to achieve the best possible grade students should take account of the following tips.
1 Be extremely neat. If you have made a mistake do not scribble over it to delete it. Instead, put a line through it.
2 Do not omit any question.
3 Show all your workings.
4 Always mention the formula used, if you have used one.
5 In the case of ratios, for example, you must be accurate when giving your final answer. Make it clear whether the answer is a percentage, for example, or a number of times, a number of days, units or something.

6 When showing an account, a balance occurring in the account should be brought down. A mark may be sacrificed if this is not done.

7 Do not worry if your balance sheet does not balance. Leave it alone and get on with the rest of your paper and if you have time go back to it. Students have been known to get 23 marks out of a possible 25 even though their balance sheet did not balance. The error may have been a very minor one.

## Using the mark scheme

The mark scheme gives the responses we expect from students. Indicative answers are given but during the standardisation of examiners process the mark scheme is updated and expanded to cover unexpected, correct student responses.

## Section C: Planning and teaching

## Course planner

The following is a suggested order for delivery, but centres can choose to deliver the topics in any order. The programme assumes a 30 -week teaching year and that the qualification is taught over two years.

| Week | Content |
| :---: | :---: |
|  | Year One |
| 1 | Introduction to accounting - basic terminology - the accounting equation <br> Introduction to the basic accounting concepts |
| 2 | Double entry bookkeeping for cash transactions |
| 3 | Double entry bookkeeping for credit transactions |
| 4 | Balancing of accounts and the preparation of a trial balance |
| 5 | Consolidation and revision |
| 6 | The concept of VAT and the preparation of the VAT account. The calculation of VAT inclusive and exclusive figures. The significance of the balance in the VAT account |
| 7 | Use and preparation of business documents including invoices, credit notes etc |
| 8 | The nature and calculation of trade and cash discount. Introduction to the division of the ledger and books of original entry |
| 9 | The preparation of the two- and three-column cash book. The preparation of a bank reconciliation statement and the link to the cash book |
| 10 | The use and preparation of the petty cash book, using the imprest system |
| 11 | The recording of sales, purchases and returns in the appropriate books including VAT |
| 12 | The posting of entries from the books of original entry to the ledgers |
| 13 | Introduction to the uses of the journal and the type of transactions entered therein |
| 14 | The identification and correction of errors in a trial balance, through the journal and ledger |
| 15 | The establishment, maintenance and clearing of a suspense account from a trial balance |
| 16 | Consolidation and revision |
| 17 | The preparation of sales and purchase ledger control accounts |
| 18 | The reconciliation of control account balances with the sales and purchase ledger |
| 19 | The preparation of simple profit and loss accounts and balance sheets for a sole trader using a vertical layout |

| Week number | Content |
| :---: | :---: |
| 20 | The preparation of more complex profit and loss accounts and balance sheets for a sole trader to include the correct treatment of returns and carriage |
| 21 | Outline the reasons for adjustments in final accounts. Introduce the concept of depreciation of fixed assets. The use of a provision for depreciation account |
| 22 | Record the disposal of a fixed asset using a disposal account. Explain the treatment of the balance in the disposal account |
| 23 | The nature, purpose and recording of bad debts and provision for bad debts account, to include bad debts recovered |
| 24 | The nature, purpose and recording of accruals and prepayments |
| 25 | Consolidation and revision |
| 26 | Introduction of the concept of 'incomplete records'. The calculation of capital using the 'net worth' method |
| 27 | The calculation of sales and purchases using control accounts |
| 28 | The preparation of a full set of final accounts of a sole trader from incomplete records |
| 29 | Consolidation and revision |
| 30 | Review of Year One and test |
|  | Year Two |
| 31 | Outline the nature of accounting for 'non-profit-making' organisations. The preparation of a receipts and payments account |
| 32 | The calculation and preparation of a subscriptions account to include subscriptions due and those paid in advance |
| 33 | The preparation of the income and expenditure account |
| 34 | The preparation of a balance sheet for a non-profit-making organisation to include the calculation of the 'accumulated fund' |
| 35 | Consolidation and revision |
| 36 | Explain the nature of partnerships and the accounting requirements, including the need to produce a partnership agreement |
| 37 | The preparation of the profit and loss appropriation account |
| 38 | The preparation of the partner's current and capital accounts. The preparation of the partnership balance sheet |
| 39 | Explain the nature of limited companies and the accounting requirements |
| 40 | Alternative classes of shares and the calculation of dividends |
| 41 | The preparation of the profit and loss appropriation account |
| 42 | The preparation of the balance sheet |

| Week <br> number | Content |
| :--- | :--- |
| 43 | Consolidation and revision |
| 44 | The principles of report writing |
| 45 | The calculation and interpretation of accounting ratios |
| 46 | The preparation of simple accounting reports to assess the viability of a business |
| 47 | Introduction of cost and management accounting - define the terms direct and <br> indirect costs |
| 48 | The calculation of prime cost and production cost |
| 49 | The preparation of simple manufacturing accounts |
| 50 | The uses of new technology in accounting and business |
| 51 | Revision of double entry bookkeeping |
| 52 | Revision of the books of original entry |
| 53 | Revision of the correction of errors and the use of the suspense account |
| 54 | Revision of the preparation of control accounts |
| 55 | Revision of the final accounts of sole traders |
| 56 | Revision of the preparation of final accounts from incomplete records |
| $57-60$ | Completion of past papers and preparation for final assessment |
|  |  |

## Teaching ideas

The nature of the Edexcel IGCSE in Accounting (4AC0) necessitates a practical approach to the delivery of the subject content. The following are ideas of how some of the content sections could be delivered.

## Books of original entry and the ledger

In delivering this section of the specification, centres should aim to provide students with a broad range of practical experience of preparing books of original entry, including the use of documentation where appropriate. All the day books should be included, together with the journal.

## Trading account, profit and loss account, balance sheet of a sole trader and adjustments

The concept of final accounts will be new to most students and it is appropriate to build up their confidence by using short examples and then adding extra items as they gain more experience in the preparation of the final accounts. Centres may benefit from providing students with a proforma layout for the final accounts which they could then use as a guideline when completing their questions. By linking this topic with adjustments, students can develop their skills and see the link between the preparation of basic final accounts and more complex examples which they are likely to encounter in the final examination.

## Incomplete records

When delivering incomplete records, centres need to ensure full coverage of all aspects of this topic and should ensure that students are given an opportunity to gain experience of all the alternative ways of calculating the items which make up the profit and loss account and the balance sheet. It is important that they understand how to calculate cash drawings from given data.

## Non-profit-making organisations

This section of the specification is best delivered using examples with which the students may be familiar, for example sports clubs or school societies that they may belong to. By adopting this practical approach, students will be able to relate their studies to their personal experience and make this difficult topic more understandable.

## Manufacturing accounts

As this will be the only opportunity for students to gain knowledge of cost and management accounting prior to their A Level studies it is important to ensure that students understand the basic terminology before attempting to complete the manufacturing account. When delivering this topic centres may find it useful to use an actual product which the students can see, such as a table or a chair, to aid their understanding of different cost components.

## Partnerships

When delivering this topic it is important to remember that we are looking at an introductory level of study which students will develop if they opt to study A Level accounting. It is recommended that centres avoid using examples with too many partners or situations where there is a change in partnership details during the financial year.

## Limited companies

As with partnerships, this should be used as an introduction to the topic which will be developed further in advanced studies. However, there is a need to use a more traditional approach to the delivery of this part of the specification as most students will not be familiar with this type of business structure. As with the delivery of the final accounts of sole traders it is recommended that centres provide a pro forma set of accounts which students can use when completing their own examples.

## Analysis and interpretation of accounts

This topic is best delivered at the end of Year Two as students will be more familiar with final accounts and therefore able to extract the figures necessary for their calculations much more readily. Centres should ensure, that in addition to the calculation of ratios, students are able to produce a coherent and well-supported statement of their findings. This might best be achieved through an examination of published reports and accounts for major companies often available on the internet.
