- 1 KXD is a public limited company. It has 60 shops that sell fashion clothing for 18–25 year olds. 60% of its inventory is imported. KXD has not made a profit for three years. The Managing Director said: 'Net cash flow is still positive but KXD has not been able to keep up with an increase in demand. We have had problems with suppliers not providing the inventory we need on time.' KXD plans to fill the vacant post of Operations Director immediately by using either internal recruitment or external recruitment.

- 3 Duckett makes cleaning products including washing powder using a range of chemicals. The Operations Director plans to relocate production to either country X or country Y. He said: 'Environmental pressures and an increase in legal controls on marketing are the main reasons for relocating. We are operating at break-even output and we cannot afford to pay our 450 workers the increased minimum wage of \$8 per hour. Many stakeholders will be affected.'

**Table 2: Information about two possible locations that Duckett could choose for its new factory**

	Country X	Country Y

4 Bill has worked for a large IT company for 30 years. He likes working with computers but he is finding it difficult to remain motivated. Bill is thinking about starting his own business repairing computers at people’s houses. Bill thinks there is demand for this service but knows there are risks of starting up a business. His secondary market research shows existing computer repair businesses charge high prices and do not offer repairs at home. If Bill starts up the business he will need a vehicle. This would cost \$6000 which Bill plans to pay for using his own savings. Bill would operate as a sole trader.
