Please note the following change to the syllabus from 2009.

Paper 5: Coursework component

The IGCSE Economics syllabus (0455) will be changing from June 2009. An implication of this change is that the Coursework component (05) will no longer be available.

The November 2008 examination session is the final session for all Coursework entries, including the carry forward Coursework option (85).

Candidates will not be able to carry forward their Coursework mark beyond the November 2008 examination session.
