MARK SCHEME
Maximum Mark: 50

Ρ		h	1:	_	h	_	4
г	u	IJ	Ш	5	П	e	u

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the October/November 2018 series for most Cambridge IGCSE™, Cambridge International A and AS Level components and some Cambridge O Level components.

This syllabus is approved for use in England, Wales and Northern Ireland as a Cambridge International Level 1/Level 2 Certificate.

#### 1 Generic Marking Principles

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

#### **GENERIC MARKING PRINCIPLE 1:**

Marks must be awarded in line with:

- the specific content of the mark scheme or the generic level descriptors for the question
- the specific skills defined in the mark scheme or in the generic level descriptors for the question
- the standard of response required by a candidate as exemplified by the standardisation scripts.

#### **GENERIC MARKING PRINCIPLE 2:**

Marks awarded are always whole marks (not half marks, or other fractions).

#### **GENERIC MARKING PRINCIPLE 3:**

Marks must be awarded **positively**:

- marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
- marks are awarded when candidates clearly demonstrate what they know and can do
- marks are not deducted for errors
- marks are not deducted for omissions
- answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

#### **GENERIC MARKING PRINCIPLE 4:**

Rules must be applied consistently e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

© UCLES 2018 Page 2 of 29

#### **GENERIC MARKING PRINCIPLE 5:**

Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).

#### **GENERIC MARKING PRINCIPLE 6:**

Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

© UCLES 2018 Page 3 of 29

#### 2 General Marking Principles

#### 2.1 Crossing out:

- (a) If a candidate changes his/her mind over an answer and crosses out an attempt, award a mark if the final attempt is correct.
- **(b)** If a candidate crosses out an answer to a whole question but makes no second attempt at it, mark the crossed out work.

## 2.2 For Questions 2 and 3, if the candidate has written an answer in the space provided for that purpose, you should ignore anything written anywhere else, unless:

- (a) there is an indication from the candidate that other material should be considered.
- **(b)** the candidate has continued their answer outside the space provided.
- (c) there is no answer in the space provided.

#### 2.3 Annotation used in the Mark Scheme:

- (a) tc = 'tout court' and means that on its own the material is not sufficient to score the mark.
- (b) BOD = benefit of the doubt and is used to indicate that the Examiner has considered the answer/that part of the answer and judged it to be more correct than incorrect: the benefit of the doubt is given to the candidate and the mark is awarded.

© UCLES 2018 Page 4 of 29

#### **2.4** No response and '0' marks

There is a NR (No Response) option in RM Assessor.

#### Award NR (No Response):

If there is nothing written at all in the answer space or

If there is only a comment which does not in any way relate to the question being asked (e.g. 'can't do' or 'don't know') or If there is only a mark which isn't an attempt at the question (e.g. a dash, a question mark).

#### Award 0:

If there is any attempt that earns no credit. This could, for example, include the candidate copying all or some of the question, or any working that does not earn any marks, whether crossed out or not.

**2.5 Optional questions**: You must mark all questions attempted by the candidate. Where a question has not been attempted then NR must be entered. (For Question 3 only, after marking the question(s) the candidate has answered, NR is populated automatically when you click on 'Complete'.) Where the candidate attempts more than one of the alternatives in Question 3, RM Assessor will automatically only aggregate the candidate's best result.

#### 3 Detailed Mark Scheme

Q	uestion	Answer	Marks

#### **Question 1**

Candidates are required to list 8 items in German. Read all of the items that the candidate has listed and award marks as follows:

- (i) Select the most correct items up to a maximum of 5. Award 1 mark for each correct item up to a maximum of 5. Stop ticking once 5 items have been rewarded.
- (ii) On Question 1, award marks for items wherever the candidate has written them.
- (iii) If the candidate offers more than one word per line, award a mark for each acceptable item.
- (iv) The pictures provided on the question paper are only suggestions.
- (v) Mark for communication. Tolerate inaccuracies, provided the message is clear. Ignore any definite / indefinite article, possessive adjective, etc. Ignore any verbs.
- (vi) If spelling is questionable, start by referring to the detailed mark scheme. Refer to the bullet points below if no decision on the spelling you have encountered is recorded there.
  - 'If in doubt, sound it out': if you read what the candidate has written, does it sound like the correct answer?
  - Look-alike test: does what the candidate has written look like the correct answer, e.g. one letter missing but no other word created.
  - If the first part of the word is correct, small errors in what comes next are less likely to impede communication (unless they suggest another meaning).
  - Where letters are transposed, the word is likely to communicate (unless another word has been created).
- (vii) Once marking proper starts, if there are five clearly acceptable items, award marks wherever these are in the list. This approach may allow questionable versions to be ignored.
- (viii) Refuse all nouns which are repeated and which do not have a separate meaning:
  - Hose, kurze Hose: award one mark to each item
  - Kleine Hose, blaue Hose: award one mark for the first Hose
- (ix) Reject misspelt words which suggest a word with a quite different meaning. Where nouns are usually plural, accept the singular and vice versa.

Question	Answer	Marks
2	Sie beschreiben einen typischen Tag in der Woche.	15
	2.1: Award a mark out of 10 for Communication	
	(i) Place the appropriate 'numbered' tick as close as possible to each relevant communication point in the body of the answer.	
	<ul> <li>(ii) Award ticks flexibly across the tasks for each piece of relevant information conveyed, up to a maximum of 10. HOWEVER, each of the tasks must be covered to get the 10 communication marks:</li> <li>If 1 of the tasks is missing, the maximum communication mark is 9.</li> <li>If 2 of the tasks are missing, the maximum communication mark is 8 (and so on).</li> </ul>	
	(iii) Add up the ticks to give a mark out of 10 for Communication.	
	(iv) For COMMUNICATION, be tolerant of verbs/tenses/spelling (for spelling use 'rules' in Question 1: look alike, sound alike, etc.)	
	(v) <u>LISTS</u> = a maximum of 3 marks for communication: lists of 1–3 items = 1 mark; lists of 4 items = 2 marks; lists of 5–6 items = 3 marks	
	<ul> <li>Ich <u>habe</u> lange schwarze Haare, blaue Augen und einen kleinen Mund = 1 mark</li> <li>(1 verb = a list of 3)</li> </ul>	
	<ul> <li>ich <u>habe</u> lange, schwarze Haare (1), ich <u>bin</u> ganz klein (1), und ich <u>bin</u> hübsch (1) = 3 marks (3 verbs).</li> </ul>	
	(vi) Only reward each piece of information once, e.g. 'mein Haus ist super' cannot score both as description and reason for liking ('mein Haus ist super' and 'mein Garten ist super' can both be rewarded).	
	(vii) Do not penalise factual errors.	
	(viii) What the candidate writes may not follow the order of the tasks on the question paper – this is fine.

Language: award a mark out of 8 for Verbs, according to the instructions in 3.2.

#### 3.2: Award a mark out of 8 for accurate use of Verbs

When awarding ticks for Verbs, please refer back to the question in order to establish which tense is appropriate for the response. **For question-specific guidance**, **see later in this mark scheme**.

- (i) Place a tick above the **first** occurrence of each correct verb, up to a maximum of 18 ticks (details of how to award ticks are provided below).
- (ii) Place the tick so that it does not obscure any letters.
- (iii) Convert the total number of ticks to a mark out of 8 using the Conversion table below.

Question	Answer	Marks
----------	--------	-------

#### How to award ticks for accurate use of Verbs (Question 3):

- both subject and verb must be correct for the verb to score a tick
  - > Subject (=subject noun or pronoun including article or possessive) + any finite verb
  - > Disregard adjectives, relative clauses, qualifiers and modifiers when looking at the 'subject'
  - > Minor spelling errors in the subject will be tolerated
  - > Capitalisation of nouns will be considered under *Other linguistic features*
  - Ignore inaccuracies in the use of umlauts except where lack/addition of umlaut creates another word e.g. Accept: wir mussen (could not mean anything else), but do not accept ich mochte where ich möchte is required (word means something different).
- verb must be in the appropriate tense to score a tick (see session-specific tables on tenses)

Note: exclude letter etiquette from verb ticks (Hallo, Wie geht es dir?) consider under OLF.

Do not award a verb tick where an accurate verb form is used in a sentence that conveys no meaning.

#### Register

Reward Language if incorrect register (du) is used as long as this is consistently done. (But note that incorrect register will be penalised under Other Linguistic Features.)

If candidates' register is inconsistent within the context, i.e. if they write an inappropriate mixture of *du* and *Sie* within the same context, go with the most frequently used and only tick those for Language (if otherwise correct).

#### 3.3: Award a mark out of 12 for Other linguistic features

- (i) Award a mark out of 12 for Other linguistic features, according to the Grade descriptors in the table below (please see Note on using mark schemes with Grade descriptors (Appendix I)).
- (ii) Use the highlighter marking tool to highlight the first new use of any correct usage. Use the highlighter marking tool to underline a creditable attempt at a structure. This annotation is intended to help you arrive at an appropriate mark.
- (iii) Consider the extent to which the following are used correctly and appropriately when assessing the candidate's control of structures:
  - Use of capital/lower-case letters in nouns and pronouns
  - Use of nouns (case agreement and use of determiners)
  - Use of prepositions, followed by case agreement
  - Adjectives (including comparatives and superlatives), possessives and demonstratives
  - Word order (inversion, verb position in relative/subordinate clauses, verb position in compound tenses, word order with direct/indirect objects, word order with separable and reflexive verbs and time/manner/place)
  - Subordinate clauses (use of wenn, weil, dass, als, seit etc.)
  - Negatives (*nicht, nie, weder...noch*, use of *kein*)
  - Linking words and conjunctions other than *und/aber*
  - Adverbs and adverbial phrases
  - · Relative clauses, including use of relative pronouns
  - Object pronouns, direct and indirect
  - Appropriate use of register/letter etiquette.

#### Appendix I

#### Note on using mark schemes with Grade descriptors

It is important that you award marks positively. In order to ensure that you reward achievement rather than penalise failure or omissions, you should start at the bottom of the mark scheme and work upwards through the descriptors when awarding marks.

You should adopt a 'best fit' approach. You must select the set of descriptors provided in the mark scheme that most closely describes the quality of the work being marked. As you work upwards through the mark scheme, you will eventually arrive at a set of descriptors that fits the candidate's performance. When you reach this point, you should always then check the descriptors in the band above to confirm whether or not there is just enough evidence to award a mark in the higher band.

For example, when marking Question 3 you may find that a candidate uses a variety of relevant vocabulary but has varied success with more complex structures. In such cases, you will need to award a mark that takes into account both the strengths and weaknesses of the piece of work.

To select the most appropriate mark within each set of descriptors, use the following guidance:

- If most of the descriptors fit the piece (and after you have considered the band above), award the top mark in the band.
- If there is just enough evidence (and you had perhaps been considering the band below), award the lowest mark in the band.

#### Note on irrelevant material

In the case of a deliberately evasive answer which consists entirely of irrelevant material exploited in defiance of the rubric, a score of 0 is given. This is extremely rare.

A genuine attempt to answer the question which fails due to a misunderstanding of the rubric will normally lose Communication marks but will score for Language.

#### Appendix II: Generic guidance on awarding ticks for Communication

**Example 1:** Beschreiben Sie, was Sie mit Ihrer Familie gemacht haben.

Candidate's response	Ticks for Communication	Reason for mark
Ja ich mit meiner Familie gemacht.	0	Nothing of worth communicated.
Wir bin einen Ausflug in die Berge gemacht.	1	Some meaning conveyed – use of 'bin' makes message ambiguous (Is it wir or ich?.
Wir haben einen Ausflug in die Berge.	0	Message not communicated. Attempt has been made at appropriate time frame but no attempt at appropriate verb
Wir haben einen Ausflug in die Berge gemachen.	1	Appropriate choice of verb, verb recognisable in its form but incorrect (still communicates some meaning)
Wir habe einen Ausflug in die Berge gemacht.	1	Appropriate choice of verb, verb recognisable in its form but incorrect (still communicates some meaning)

### Cambridge IGCSE – Mark Scheme

Example 2: Beschreiben Sie einen Tag, an dem Sie viel Sport getrieben haben. Was war besonders schwierig und warum?

Candidate's response	Ticks for Communication	Reason for mark
Ich viel Sport getrieben haben.	0	nothing of worth communicated.
Das Schwimmen was schwierig.	0	Meaning not conveyed (was doesn't communicate message in German)
Das Schwimmen war für mich besonders schwierig.	1	Some meaning is conveyed but the message is incomplete (no reason is given).
Das Schwimmen war für mich besonders schwierig, weil das Wasser so kalt war.	2	Message clearly communicated.

#### 3 steps to award Communication marks:

- 1) Check against Communication task (table ) > Has the task been attempted? (no attempt → no Comm. tick)
- 2) Find the best attempt at the task
- 3) In that task, is the message clear (2 ticks) or ambiguous/(unclear) (1 tick) or absent (0 ticks)? (see table above)
