### **Note to teachers and students on the use of published marking schemes**

Marking schemes published by the State Examinations Commission are not intended to be standalone documents. They are an essential resource for examiners who receive training in the correct interpretation and application of the scheme. This training involves, among other things, marking samples of student work and discussing the marks awarded, so as to clarify the correct application of the scheme. The work of examiners is subsequently monitored by Advising Examiners to ensure consistent and accurate application of the marking scheme. This process is overseen by the Chief Examiner, usually assisted by a Chief Advising Examiner. The Chief Examiner is the final authority regarding whether or not the marking scheme has been correctly applied to any piece of candidate work.

Marking schemes are working documents. While a draft marking scheme is prepared in advance of the examination, the scheme is not finalised until examiners have applied it to candidates' work and the feedback from all examiners has been collated and considered in light of the full range of responses of candidates, the overall level of difficulty of the examination and the need to maintain consistency in standards from year to year. This published document contains the finalised scheme, as it was applied to all candidates' work.

In the case of marking schemes that include model solutions or answers, it should be noted that these are not intended to be exhaustive. Variations and alternatives may also be acceptable. Examiners must consider all answers on their merits, and will have consulted with their Advising Examiners when in doubt.

### **Future Marking Schemes**

Assumptions about future marking schemes on the basis of past schemes should be avoided. While the underlying assessment principles remain the same, the details of the marking of a particular type of question may change in the context of the contribution of that question to the overall examination in a given year. The Chief Examiner in any given year has the responsibility to determine how best to ensure the fair and accurate assessment of candidates' work and to ensure consistency in the standard of the assessment from year to year. Accordingly, aspects of the structure, detail and application of the marking scheme for a particular examination are subject to change from one year to the next without notice.

## FRENCH HIGHER LEVEL 2013

### MARKING SCHEME

In reading this marking scheme, the following points should be noted:

A **forward slash** / before an answer indicates that the answer is synonymous with that which preceded it or is an alternative answer. Answers separated by a forward slash cannot therefore be taken as two separate answers.

A **dash** - before an answer indicates that the answer is a separate answer, which may be considered as independent of any other suggested answers to the question.

**Square brackets** [ ] indicate material relating to the marking scheme which is additional information for the benefit of examiners.

**Round brackets** ( ) indicate material which may be given in the candidate's answer but which is not considered to be essential to gain full marks.

**N.B.** The answers given on the marking scheme should not be considered as the only possible answers that may be accepted. Answers which are synonymous with or equivalent to those on the published marking scheme are also acceptable.

A **penalty system** involving the deduction of marks may apply in certain questions in order to prevent the possibility of candidates "listing" all the possible answers to a particular question. In such cases, a correct answer may be cancelled out by an additional incorrect answer.

#### Reasonable Accommodation for Certificate Examinations

For those who have been granted a spelling and grammar waiver, errors in spelling and in certain grammatical elements, as explained at conference, are not penalised.

In Junior Certificate Higher Level French this modification is usually relevant only to the two questions in Section III of the paper where there are 15 marks available for language in question (a) and 25 marks for language in question (b).

**(a) The Note**

Communication = 15 marks

Language = 15 marks

Total = 30 marks

The candidate must deal with three points. Each point should be credited as soon as it is encountered in the answer by writing P1, P2, P3 in the left-hand margin.

The mark awarded under both headings - communication and language - is then determined by reference to the marking grid below.

**(Note modifications to the assessment of language in the case of R.A.C.E. scripts, as already stated at the start of this marking scheme.)**

.....

**(b) The Letter**

Marks for the letter are broken down as follows:

Format = 5 marks

Communication = 20 marks

Language = 25 marks

Total = 50 marks

**Format for the informal letter:**

The five marks for letter format are determined as follows:

- ❖ *Place and date* must be on the same line towards the top right-hand corner.
- ❖ *Month* used should be "septembre" and it must not begin with a capital letter e.g. "Longford, le 15 septembre" is a fully correct usage.
- ❖ *Greeting*: Apart from the normal greeting, i.e. Chère Liliane, "salut" and "bonjour" are also acceptable.
- ❖ *Signing-off*: Any of the normally accepted formulae will suffice, e.g. "amitiés", "amicalement", "à bientôt", etc. along with the name, but spelling must be **fully** correct. If more than one sign-off given, award marks for the last one only.

**Marking of Format**

place / address = 1

le + figure = 1 [ the figure may be written out as a word but spelling must be correct,  
e.g. "le quinze septembre" or "le 15 septembre" ]

month = 1

greeting = 1

signing-off = 1
