Marking Scheme

# **Section 1 - General Theory**

Section 1 - General Theory	(80 marks) (10 x 8 marks)
<ol> <li>Which one of the following is an external storage device?</li> <li>Flash disk</li> </ol>	(8 marks)
<ul> <li>2. List two web browsers that can be used to access the Internet.</li> <li>(Internet) Explorer</li> <li>(Netscape) Navigator</li> <li>(Mozilla) Firefox</li> <li>Opera</li> </ul>	(4, 4 marks) (any two)
<ul> <li>3. List two ways of connecting to the Internet.</li> <li>Dial (up)/phone line</li> <li>Wireless/wifi/bluetooth</li> <li>Broadband</li> <li>Wired broadband</li> <li>Mobile phone/WAP</li> <li>Blackberry/3G card</li> <li>ISDN</li> </ul>	(4, 4 marks) (any two)
<ul><li>4. What is the command used to change the name of a file?</li><li>Rename</li></ul>	(8 marks)
<ul> <li>5. List two types of printers.</li> <li>Laser/laserjet</li> <li>Inkjet/bubblejet/deskjet</li> <li>Dot Matrix/line printer</li> <li>Plotter</li> </ul>	(4, 4 marks) (any two)

#### 6. What does each of the following stand for?

#### (4, 2, 2 marks)

٠	PC	Personal Computer	(All words correct for marks)	(4)
٠	CD-RW	Compact Disk	(Both words correct for marks)	(2)
		Read Write	(Both words correct for marks)	(2)

7. Give two advantages of a networked system over a stand-alone system. (4, 4 marks) (any two)
 File sharing

- Automatic software updates
- Printer/peripheral sharing
- Less upkeep/maintenance
- More security
- Record keeping
- Faster/quicker
- 8. List two input devices that are used to input text?
  - Keyboard
  - Scanner
  - Microphone
  - Touch screen
  - PDA/palm pilot/Blackberry/Examples of PDAs
- 9. Which one of the following is system software?
  - Windows 2000
- 10. You are buying a computer and see the following advertisement in a newspaper. What does each of the underlined terms stand for? (4, 4 marks)

Compatible only with MS Windows XP		Special Offer P Prints/Scans/C		
	Compa	tible only with MS	S Windows XP	
Prints up to 20 A4 ppm		Prints up to 20 A	4 <u>ppm</u>	
Scan resolution 19200 dpi	S	can resolution 19	9200 <u>dpi</u>	

- (a) ppm pages per minute
- (b) dpi dots per inch

(All words correct for marks)(All words correct for marks)

(4, 4 marks) (any two)

(8 marks)

# Section 2 - Module 1: Word Processing (80 marks)

### 11.Word Processing Theory(10 marks)

(a) List two ways of aligning text.

- Left
- Centre
- Right
- Justified/Full (Justification)
- Decimal tab
- Accept drawn examples

(b) What menu options are used to put a header on a word processing document? (4 marks)

or

- View, Header/(Footer)
- Inert, Autotext, Header/(Footer)

ICT Marking Scheme 2007

Page 4 of 20

#### (3, 3 marks)

12. F (a) Open	<b>Practical Word Processing Assignment</b> file	(70 marks) 3 marks		
(b) Type	Exam Number (ID purposes only - marks not deducted if error)	0 marks		
(c) Date	as footer (accept any format – doesn't have to be autofield, ignore ca	p errors.)3 marks		
•	Bold, Centre, 20pt, all words in title x 3 marks each	9 marks		
• i)	Make 7 editing changes x 3 marks each New Paragraph after 'their music' on line 3.	21 marks		
ii)	Bold 'All' (now in 2 <sup>nd</sup> paragraph)			
iii)	Run on 'That's a big difference'			
iv)	Change '3' to 'three'			
v)	Auto numbered last paragraph (1, 2, 3 / a, b, c – any format of nur	nbers, not bullets)		
vi)	Change 'in' to 'on'			
vii)	vii) Delete the word 'popular'			
0	Deduct 2 marks if no free line/double return after 'their music'			
0	Deduct 2 marks for any of $(i) - (vii)$ if it incurs input errors not ask	ked for. <i>Example</i> :		
	7 edits performed correctly = $21$ marks but no spaces after full stop	_		
	was joined is $21 - 2 = 19$ marks.			
0	Deduct 2 marks per error to a maximum of 5 errors (10 marks) in t	he editing section		
	of the question. The candidate can perform 7 edits (21 marks) and	then make errors		
	that they were not asked to perform. They will only be penalised f	for a maximum of		
	5 of these errors, thus gaining $(21 - 10)$ marks = 11 marks.			
0	This is not valid for the additional text where all marks can be lost			
•	1.5 line spacing (entire document – if correct it should fit on one p	age) 3 marks		
	added to end of document (see text box below)	20 marks		
	ct 2 marks per error (caps, centre, bold, column width, border style, e ct 2 marks if text is on separate page	extra row/column		

Deduct 2 marks if text is on separate page Deduct 2 marks for item not aligned correctly (if tabs used instead of table)

Deduct 4 marks for each line/column omitted

- (e) Spell check document, (4 spelling errors)
  - o 'playr' changed to 'player'
  - o didgital' changed to 'digital'
  - o 'auddio' changed to 'audio'
  - o 'kards' changed to 'cards'

(f) Print

ICT Marking Scheme 2007

8 marks

3 marks

Page 5 of 20

#### Marking

- Circle input errors with red pen and count up before multiplying by 2
- Mark '3' in red biro in right hand margin beside each correct edit and a '0' in right hand margin beside each edit not performed correctly. This means that there will be a 3 or a 0 in the right margin beside each of the 7 edits. Put a line under the final 3 or 0 and add to get a total (21 for example). Next add the errors and take this away from 21, example 21 8 = 13 marks.
- 20 marks are awarded for inputting the table correctly. The candidate loses 2 marks per error. These errors include punctuation, capitals, spaces, paragraph returns, bold not performed etc. A candidate may lose **all** 20 marks in this section if there are too many errors. It is a copying task and therefore accuracy is of key importance.

• Similar procedure for other practical assignments.

ICT Marking Scheme 2007

Page 6 of 20

### **Module 2: Spreadsheet**

(80 marks)

(10 marks)

### **13.** Spreadsheet Theory

(a) Examine the spreadsheet below.

	А	В	С	D	E
1	2007 Spring Test	Results			
2	Name	Test 1	Test 2	Test 3	Average
3	Tom	20	50	50	Formula
4	Mary	21	44	55	
5	Ger	18	46	57	
6	Ann	21	48	50	

Write a suitable formula for cell E3 that would calculate Tom's Average Test Result.

- =average(B3:D3) or
- = sum(B3:D3)/3 or
- = sum(B3+C3+D3)/3 or
- =(B3+C3+D3)/3
- Calculated answer of 40 = 0 marks
- 120/3 = 0 marks
- Accept ÷ in formula for full marks
- Accept formula with no =

(b) How many rows and columns are on the spreadsheet above? (3, 3 marks)

- (1) Number of rows =  $\mathbf{6}$
- (2) Number of columns =  $\mathbf{5}$ 
  - If 'spreadsheet' is interpreted as 'table' and answer of: Rows = 7, Columns = 6, Deduct 2 marks = 4 marks

ICT Marking Scheme 2007

Page 7 of 20

# 14. Practical Spreadsheet Assignment

(70 marks)

(a) (b) Setup spreadsheet (-2 per error) Input the data, aligned and formatted as shown. Adjust column widths	15 marks as necessary		
<ul> <li>Deduct 2 marks per error to a max of 8 errors (all marks lost)</li> <li><u>All</u> Caps used for <u>all</u> headings, no Initial Caps – treat as one error</li> <li>If inconsistent case errors, treat as separate errors</li> <li>Deduct 2 marks for each column not wide enough</li> <li>Deduct 2 marks for starting data in incorrect cell</li> <li>Align as shown (deduct 2 marks per error)</li> <li>Bold (deduct 2 marks per error)</li> </ul>			
(c) Calculate <b>Units Used</b> (335) (negative answer of -335 is an error so 5 – 2 marks = 3 marks	5 marks		
(d) Calculate <b>Cost of Electricity Used</b> (€40.20)	5 marks		
(e) Calculate <b>Sub Total</b> (€49.34)	5 marks		
<ul> <li>(f) (1) Calculate VAT (13.5%) (€6.66)</li> <li>(2) Formula =B10*13.5% or B10*13.5/100</li> <li>Full marks if = sign omitted</li> <li>% symbol needed for marks</li> <li>Spreadsheet printed (2<sup>nd</sup> copy) with formulas displayed - full marks</li> <li>Answer given = 0 marks</li> </ul>	5 marks 2 marks		
(g) Calculate <b>Total Due</b> (€56.00)	5 marks		
<ul> <li>(h) Format all money amounts to currency with 2 decimal places</li> <li>3 marks for any currency symbol used (Hit or Miss)</li> <li>2 marks for two decimal places (Hit or Miss)</li> </ul>	5 marks		
(i) Type your Examination Number	0 marks		
(j) Column Chart of A8:B12 15 marks, Attempt 5			
<ul> <li>Deduct 2 marks if line/bar/pie chart/other chart is presented displaying all required data</li> <li>Deduct 2 each for each missing element (Labels on axis or exam number title on chart)</li> <li>Deduct 2 marks each for each extra data in chart or each cell missing</li> <li>Accept chart as separate printout</li> </ul>			
(k) Delete Row 2 in the spreadsheet 5 marks			

(i) Saved as ESBBILL0 marks(m)Print3 marks

### Module 3: Databases

(80 marks)

### **15.** Database Theory

(a) Use two of the following words to complete the definitions below.

(4 marks) 2, 2 marks

Record	Key field	Query

(1) A database is sorted using a **Key field**.

- (2) A **Query** uses criteria to search a database.
- (b) Study the database below. For each Field Name write a suitable Data Type in the space provided as shown above.
   (6 marks)
   2, 2, 2 marks

Field NameData TypeSurnameTextSalaryCurrencyDate of BirthNumber/Numeric<br/>Or<br/>Date/Time

# **Module 6: Text Entry**

(80 marks)

### 21. Text Entry Theory

### (10 marks)

- Hit or Miss 1 mark for each error identified to a maximum of 10 errors of a possible 13
- Accept passage retyped with all errors corrected or identified

Driving licence
Thedriver theory test was introduced in Ireland in 2001. Before this, people in Ireland didnt have to under go a test of there nowledge of either the rules of the road or motoring laws in Ireland before they applied for a driving license, or completed their driving test.
EU legislation now requires that citizens undergo a practical test of their knowledge of the rules of the road and motoring legislation.
The theory test will cheque knowledge of areas such as:
(a) the rules of the road
(b) risk perception
(c) hazard awareness
4. good driving behaviour
The test is conducted at 41 test locations throughut the country. The test can be offered in Irish and on English and candidates with special needs are are catered for.

The test is scored automatically and results are made available 2 you immediately You will receive a certificate for your theory test at the test centre.

# **Word Processing Solution**

(Examination Number)

# **Digital Audio Players**

A digital audio player (DAP) is a device that stores, organises and plays digital music files. It is also called an MP3 player. The MP3 player is the most recent in an evolution of music formats that have helped consumers enjoy their music.

Records, eight-track tapes, cassette tapes and CDs – none of these earlier music formats provided the convenience and control that MP3 players give music lovers. With an MP3 in hand or pocket, a consumer can create personalised music lists and carry thousands of songs wherever they go. All of that stored music and the MP3 player itself fit in to a device about the size of deck of cards. That's a big difference in size as opposed to carrying a CD player and CD storage case. MP3 players come in many different shapes and sizes as manufacturers try to appeal to wide audiences.

There are three main types of digital audio players:

- 1. MP3 CD players are devices that play CDs. Often, they can be used to play both audio CDs and homemade data CDs containing MP3 or other digital audio files.
- 2. Flash-based players are devices that hold digital audio files on internal or external media, such as memory cards.
- Hard drive based players or digital jukeboxes are devices that read digital audio files from a hard drive. Thousands of songs, perhaps an entire music collection, can be stored on one \_\_\_\_\_\_\_\_.
   MP3 player. Due to their capacity and physical size, image and video media are becoming standard among hard drive based players. The Apple iPod and Creative Zen are examples of digital jukeboxes.

Product	Cost (€)	Storage Capacity
iPod Nano	250.00	4 GB
Sony	400.00	20 GB
iRiver	495.00	30 GB
