

LEAVING CERTIFICATE EXAMINATION 2006

RUSSIAN

ORDINARY LEVEL

220 MARKS

Reasonable Accommodation: For those who have been granted a spelling and grammar waiver, errors in spelling and in certain grammatical elements, as explained at conference, are not penalised. In assessing the work of these candidates, a modified marking scheme will apply.

Marking: All scripts should be marked in red pen.

- Allocate a mark to every question/section of question, even if it is a mark of 0. Write mark above the material. In the right-hand margin total the marks for each question/sub-question and underline.
- Correct all material. Where more material is supplied than is required, allocate a mark to that material and supply the mark in square brackets: [mark]. Do not include these marks in your totting up of that question.
- Where a candidate uses the same information in response to two or more questions, accept the first answer only.
- Write the total number of marks obtained on page 1 at the bottom of the page in round brackets. Thereafter, keep a running total at bottom of page in round brackets.
- Total each question (Q.1., Q.2., Q.3.) as you go along and circle those marks at top of page where the Q begins.
- Transfer Q. marks onto the spread sheet.
- Double check final total by comparing final tot (bottom of page) with total of marks for each Q (top of page).

Decoding the marking scheme:

- Stroke [/] indicates alternatives, any one of which will do.
- Round brackets () enclose information which is valid but not essential for marks
