3. Answer the following sub-questions :

- |     |      |  |    |
|-----|------|--|----|
| (a) | (i)  | Differentiate between $C_3$ , $C_4$ and CAM plants.                                | 10 |
|     | (ii) | Mention types of biofertilizers and their significance.                            | 10 |
| (b) | (i)  | Define soil. Explain the physical and chemical properties of soils.                | 10 |
|     | (ii) | Brief about field capacity, moisture holding capacity and permanent wilting point. | 10 |

## SECTION - B

4. Answer the following sub-questions :

- |     |       |   |    |
|-----|-------|---|----|
| (a) | (i)   | Explain in detail establishment of fruit orchard.   | 10 |
|     | (ii)  | Mention the different types of orchard layout systems and explain about square and hexagonal systems. | 10 |
| (b) |       | Write short notes on :  | 20 |
|     | (i)   | 'T' mosquito problem in cashew.   |    |
|     | (ii)  | High density planting   |    |
|     | (iii) | Multiplier cropping   |    |
|     | (iv)  | Pre-sucker treatment of Banana  |    |

5. Answer the following sub-questions :

- |     |      |   |    |
|-----|------|---|----|
| (a) | (i)  | Mention the different propagation methods followed in Horticulture crops with at least one example for each.  | 10 |
|     | (ii) | Explain about graft incompatibility and their causes.   | 10 |
| (b) | (i)  | Explain the detailed production technology of Sapota with reference to varieties, spacing, manuring, irrigation, harvesting and yield in Maharashtra. | 10 |
|     | (ii) | Write short notes on :  | 10 |
|     | (A)  | Alternate bearing in mango  |    |
|     | (B)  | Katte disease of Cardamom   |    |

## SECTION - C

6. Answer the following sub-questions :

- |     |       |  |    |
|-----|-------|--|----|
| (a) | (i)   | Mention different types of vegetable gardens and explain about Floating and Kitchen gardens. | 10 |
|     | (ii)  | Write the importance of vegetables in human nutrition.                                       | 10 |
| (b) |       | Write explanatory note on :  | 20 |
|     | (i)   | Nursery preparation for cole crops   |    |
|     | (ii)  | Importance of crop rotation in vegetable production.   |    |
|     | (iii) | Flow-chart for preparation of tomato ketchup   |    |
|     | (iv)  | Importance of green manuring   |    |

7. Answer the following sub-questions :

- (a) (i) Name different types of dormancy and discuss about 2, 3, 5 Triphenyl Tetrazoleum chloride test (TTC). 10
- (ii) Write the production technology of brinjal with reference to nursery preparation, spacing, planting, manuring, irrigation, weeding, harvesting and yield/ha. 10
- (b) (i) Explain production technology of beans with reference to varieties, inputs, sowing, manuring, irrigation and yield. 10
- (ii) Explain the production technology of patchouli with reference to selection of planting material, varieties, spacing, manuring, irrigation, weeding and harvesting. 10

#### SECTION - D

8. Answer the following sub-questions :

- (a) (i) Write the different methods of establishment of lawn 10
- (ii) List out different garden features and explain about Rockery. 10
- (b) (i) Write in detail about production technology of roses with reference to important varieties, inputs/plant, disbudding, desuckering, harvesting and yield per hectare 10
- (ii) Write short notes on Floral clock and Bird bath. 10

9. Answer the following sub-questions :

- (a) (i) Explain the production technology of Gladiolus with reference to varieties, planting-materials, spacing, manuring, irrigation, harvesting and yield. 10
- (ii) Write about pruning, pulsing and preservatives for Queen of flower. 10
- (b) (i) Give five examples for each of the following : 10
- (A) Bonsai
- (B) Flowering climbers
- (C) Flowering shrubs
- (D) Ornamental palms
- (ii) Explain the importance and scope of Floriculture industry in Maharashtra State. 10
