3. Phidippides owns a sports shop. He does his accounts on the double entry system and also keeps a full set of books of original entry, including a journal.

During the month of December 2009, the following events took place.

- (i) On 3 December, Phidippides bought a shredding machine for his office on credit from Dodgy Dossiers Ltd. The machine cost £100 plus VAT at 10%.
- (ii) On the night of 10 December, there was a burglary at the shop and stock valued at £2 500 was stolen. The insurance company has agreed to pay full compensation but the money has not yet been received.
- (iii) On 15 December Phidippides paid £280 to Marathon Supplies Ltd, a creditor, in full settlement of an outstanding purchases invoice for £300. He thought that a cash discount had been agreed, but this was not the case. He must now make entries in the books to cancel this cash discount. He has not yet paid the balance of £20.
- (iv) In November, Phidippides had sold goods to the value of £500 to V Williams.
 On 22 December he discovered that he had debited the sale to the account of S Williams and entries must be made to correct the error.
- (v) On 31 December Phidippides decided to increase the existing provision for doubtful debts from £550 to £670.

Required:

(a) Write entries in Phidippides' journal to record these events. You should give a suitable narration for each entry.

(16)

(b) Phidippides is currently keeping his books on a manual system but is considering changing to customised accounting software. Evaluate the advantages and disadvantages to his business of making this change.

6. Iroko is a craftsman who makes and sells handmade wooden furniture. During the year ended 31 December 2008, he operated as a sole trader and had a fixed capital of £55 000.

On 1 January 2009, Iroko took on a partner, Sapele, who is an expert salesman and manager and who brought capital of £20000 into the business. The two partners have agreed that neither of them will receive interest on capital or a salary but that they will share profits equally.

The following table shows some differences between the two years.

	Year ended 31 December 2008	Year ended 31 December 2009
Net profit	15 000	35 000
Gross profit	32 000	68 000
Sales turnover	82 500	153 800
Stocks	20750	12300

Creditors	10900	9065
Bank overdraft	5 600	1580
Computer	_	3 500

Required:

(a) Showing your answers to **two** decimal places, calculate the following ratios for **each** of the two years (show all your calculations):

(i)	return on capital employed	
		(2)

(ii) net profit to turnover (2)

(iii) current ratio
(2)

(iv) rate of stock turnover. (4)

(b) Evaluate Iroko's view that the performance of the business has improved since Sapele was taken on as a partner.

(10)

The business's bank manager has suggested that it would be fairer if the partners allowed for 5% interest on fixed capitals before sharing profits and losses equally.

(c) Calculate the amount of income which Iroko would receive in the year ended 31 December 2009 under the:

(i) existing partnership agreement

(2)

(ii) suggestion made by the bank manager.
