## **GCE O level Bangladesh Studies Reinstated**

---

In October 2006 Edexcel announced the withdrawal of GCE O level Bangladesh Studies (7038) due to the low volume of entries.

After consulting with centres and key associates, Edexcel has reconsidered the original decision and has now reinstated GCE O level Bangladesh Studies. It will now continue to be available in line with the rest of our GCE O level suite of subjects and will be available for the Summer examination session only.

Edexcel is committed to providing up-to-date qualifications and will review and update the syllabus over time. The viability of qualifications and validity of the awarding process will form part of this review process.
