BUSINESS STUDIES 7115 GCE O Level 2007

IMPORTANT NOTICE

University of Cambridge International Examinations (CIE) in the UK and USA

University of Cambridge International Examinations accepts entries in the UK and USA only from students registered on courses at CIE registered Centres.

UK and USA private candidates are not eligible to enter CIE examinations unless they are repatriating from outside the UK/USA and are part way through a course leading to a CIE examination. In that case a letter of support from the Principal of the school which they had attended is required. Other UK and USA private candidates should not embark on courses leading to a CIE examination.

This regulation applies only to entry by private candidates in the UK and USA. Entry by private candidates through Centres in other countries is not affected.

Further details are available from Customer Services at University of Cambridge International Examinations.

AIMS

The aims of the syllabus are the same for all students. These aims are set out below and describe the educational purposes of a course in Business Studies for the O level examination. They are not listed in order of priority.

The aims are to enable students to:

- 1. make effective use of relevant terminology, concepts and methods and recognise the strengths and limitations of the ideas used
- 2. apply their knowledge and critical understanding to current issues and problems in a wide range of appropriate contexts
- 3. distinguish between facts and opinions, and evaluate qualitative and quantitative data in order to help build arguments and make informed judgements
- 4. appreciate the perspectives of a range of stakeholders in relation to the environment, individuals, society, government and enterprise
- 5. develop knowledge and understanding of the major groups and organisations within and outside business and consider ways in which they are able to influence objectives, decisions and activities
- 6. develop knowledge and understanding of how the main types of business and commercial institutions are organised, financed and operated and how their relations with other organisations, consumers, employees, owners and society are regulated
- 7. develop skills of numeracy, literacy, enquiry, selection and employment of relevant sources of information, presentation and interpretation
- 8. develop an awareness of the nature and significance of innovation and change within the context of business activities

Teachers should note that not all of the above aims are necessarily subject to formal assessment.
