GCE O level Sinhala and Tamil Reinstated

In October 2006 Edexcel announced the withdrawal of GCE O level Sinhala (7641) and GCE O level Tamil (7644) due to the low volume of entries.

After receiving requests from centres and consulting with key associates, Edexcel has reconsidered the original decision and has now reinstated GCE O level Sinhala and Tamil. They will now continue to be available in line with the rest of our GCE O level suite of subjects.

Edexcel is committed to providing up-to-date qualifications and will review and update the syllabus over time. The viability of qualifications and validity of the awarding process will form part of this review process.
