## SECTION 1

### Question

### Marks

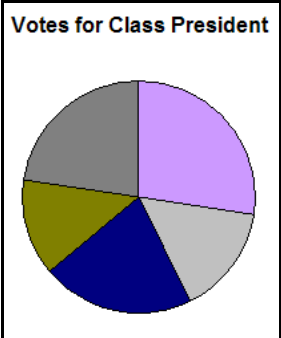

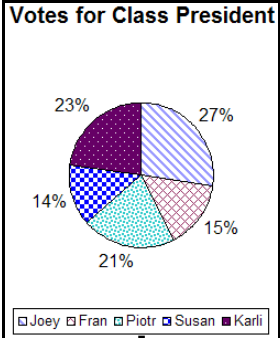

1	Explain what is meant by the term <i>information system</i> .		1																								
<b>Answer</b> UI 2.2	<ul style="list-style-type: none"><li>• <i>A system used by individuals or organisations to manage information</i></li><li>• <i>A system that carries out processing of data</i></li></ul>		KU																								
2	The table below shows part of a train timetable. <div><table><tr><th colspan="3">Inverness (INV) to Aberdeen (ABN) Saturdays</th></tr><tr><th></th><th colspan="2">Outward Journey</th></tr><tr><th>Journey Number</th><td>1</td><td>2</td></tr><tr><th>Departure Station</th><td>INV</td><td>INV</td></tr><tr><th>Arrival Station</th><td>ABN</td><td>ABN</td></tr><tr><th>Departs</th><td>12:42</td><td>14:27</td></tr><tr><th>Arrive</th><td>14:54</td><td>16:41</td></tr><tr><th>Changes</th><td>0</td><td>0</td></tr></table></div>		Inverness (INV) to Aberdeen (ABN) Saturdays				Outward Journey		Journey Number	1	2	Departure Station	INV	INV	Arrival Station	ABN	ABN	Departs	12:42	14:27	Arrive	14:54	16:41	Changes	0	0	
Inverness (INV) to Aberdeen (ABN) Saturdays																											
	Outward Journey																										
Journey Number	1	2																									
Departure Station	INV	INV																									
Arrival Station	ABN	ABN																									
Departs	12:42	14:27																									
Arrive	14:54	16:41																									
Changes	0	0																									
	(a)	Identify <b>one</b> item of <i>data</i> from the table.	1																								
<b>Answer</b> UI 1.1		<i>Any example such as:</i> <ul style="list-style-type: none"><li>• <i>INV</i></li><li>• <i>ABN</i></li><li>• <i>12:42</i></li><li>• <i>Accept any single item apart from heading eg journey number</i></li></ul>	PS																								
	(b)	Identify <b>one</b> item of <i>information</i> from the table.	1																								
<b>Answer</b> UI 1.1		<i>Any example such as:</i> <ul style="list-style-type: none"><li>• <i>departure station – Inverness</i></li><li>• <i>arrives – 16:41</i></li><li>• <i>changes – 0</i></li></ul> <i>Any correct (label + data) = 1 mark</i>	PS																								

## Question

## Marks

3	One benefit of using an electronic database system is that <i>data analysis</i> and <i>reporting</i> can be carried out easily.	
	(a) State <b>one</b> other benefit of using an electronic database system rather than a manual system.	1
<b>Answer</b> DB 1.1	<ul style="list-style-type: none"> <li>• <i>Searching can be done very quickly</i></li> <li>• <i>Sorting can be done very quickly</i></li> <li>• <i>Data can be updated very quickly</i></li> <li>• <i>Searches and sorts are done accurately</i></li> <li>• <i>Takes up less space</i></li> <li>• <i>Easier to backup</i></li> <li>• <i>Automatic calculations (calculated fields)</i></li> <li>• <i>Can be shared on a network</i></li> </ul>	KU
	(b) Explain what is meant by a database <i>report</i> .	1
<b>Answer</b> DB 5.3	<ul style="list-style-type: none"> <li>• <i>Printed results (output) from a database</i></li> <li>• <b>Formatted</b> results of a query</li> </ul>	KU
4	Here is part of a database showing the tracks on a CD.  <div data-bbox="501 999 1091 1391" data-label="Text"> <p> Name of CD:     The Essential Album  Artist:           Bryce Summersteen  Date of Release: 26 August 2009  Tracks:           1. Thunder on the Streets                        2. Born to Walk                        3. The Stream                        4. Jungle Territory                        5. Danc </p> </div>	
	State the relationship that exists between this CD and the tracks.	1
<b>Answer</b> DB 4.2	<ul style="list-style-type: none"> <li>• <i>1 CD has many tracks</i></li> <li>• <i>(1:M)</i></li> </ul>	PS

Question		Marks																																			
5	Spreadsheet software can be used for keeping business accounts. State <b>one</b> other suitable type of application software for keeping business accounts.	1																																			
<b>Answer</b> UI 3.1	<ul style="list-style-type: none"><li>• <i>Financial</i></li><li>• <i>Database</i></li><li>• <i>(Do not accept product names eg Microsoft Access)</i></li></ul>	KU																																			
6	Describe what is meant by the term <i>data subject</i> with reference to the Data Protection Act.	1																																			
<b>Answer</b> UI 4.2.1	<ul style="list-style-type: none"><li>• <i>A person who has their personal data stored by an organisation</i></li></ul>	KU																																			
7	<p>The following table shows details of flowers for sale.</p> <table><tr><th>Product Code</th><th>Image</th><th>Product Name</th><th>Price (£)</th><th>Category</th></tr><tr><td>FL24</td><td></td><td>Sunshine</td><td>26.99</td><td>Summer</td></tr><tr><td>FL10</td><td></td><td>Tulip Special</td><td>37.99</td><td>Spring</td></tr><tr><td>FL54</td><td></td><td>Tickled Pink</td><td>28.99</td><td>Celebration</td></tr><tr><td>FL55</td><td></td><td>Blue Heaven</td><td>23.99</td><td>Celebration</td></tr><tr><td>FL59</td><td></td><td>Red Roses</td><td>39.99</td><td>Celebration</td></tr><tr><td>FL25</td><td></td><td>Blaze of Glory</td><td>34.99</td><td>Summer</td></tr></table>	Product Code	Image	Product Name	Price (£)	Category	FL24		Sunshine	26.99	Summer	FL10		Tulip Special	37.99	Spring	FL54		Tickled Pink	28.99	Celebration	FL55		Blue Heaven	23.99	Celebration	FL59		Red Roses	39.99	Celebration	FL25		Blaze of Glory	34.99	Summer	
Product Code	Image	Product Name	Price (£)	Category																																	
FL24		Sunshine	26.99	Summer

18 (cont)	(c)	Michael has been asked to prepare storyboards for a new section on Earrings. He creates the storyboard shown below.	
		<p>The storyboard consists of several elements:</p> <ul style="list-style-type: none"> <li><b>Headings:</b> A box containing 'Font: Arial', 'Size: 24 point', 'Style: bold', 'Colour: red', and 'Alignment: centre'. Arrows point from this box to the 'EARRINGS' headings in the two product cards.</li> <li><b>Subheadings:</b> A box containing 'Font: Arial', 'Size: 18 point', 'Style: bold', and 'Colour: red'. Arrows point from this box to the product titles 'Long Drop Floral Earring' and 'Small Cube Shape Earring'.</li> <li><b>Main Text:</b> A box containing 'Font: Times', 'Size: 12 point', 'Style: plain', and 'Colour: grey'. An arrow points from this box to the bullet points in the product descriptions.</li> <li><b>Product Card 1:</b> Titled 'EARRINGS' and 'Long Drop Floral Earring'. It includes a placeholder for an image, a title, and a list of features: 'BGS342', 'Gold', 'Stud earring', 'Nine carat', 'Length 2cm', and 'Price £14.99'.</li> <li><b>Product Card 2:</b> Titled 'EARRINGS' and 'Small Cube Shape Earring'. It includes a placeholder for an image, a title, and a list of features: 'BGS112', 'Silver', 'Stud earring', 'Nine carat', 'Length 1cm', and 'Price £20.99'.</li> </ul>	
	(i)	Describe <b>two</b> design principles relating to text demonstrated in the sketches above.	2
<b>Answer</b> AM 4.2		<p>Any two from</p> <ul style="list-style-type: none"> <li>Consistency in headings/body text</li> <li>Use of lists/bullet points for main points</li> </ul>	PS
	(ii)	Describe <b>one</b> design principle relating to graphics demonstrated in the sketches above.	1
<b>Answer</b> AM 4.3		<ul style="list-style-type: none"> <li>Use of text wrap</li> <li>Use of caption on graphic</li> <li>Consistent alignment/positioning of graphics</li> </ul>	PS

Question		Marks
18 (cont)	(d) Some of the screens involve synchronising many complex multimedia objects. State the most appropriate type of software for creating the CD catalogue.	1
<b>Answer</b> AM 5.1	<ul style="list-style-type: none"> <li>• <i>Authoring</i></li> <li>• <i>Scripting</i></li> <li>• <i>Icon based</i></li> </ul>	PS
	(e) Due to the large number of high quality graphics, the catalogue requires 3.4Gb of storage. The graphics specialist has been given the job of reducing the file size.	
	(i) Without altering the physical dimensions of the graphics, describe <b>two</b> methods of reducing each graphic's file size.	2
<b>Answer</b> AM 6.1	<i>Any 2 from</i> <ul style="list-style-type: none"> <li>• <i>Reduce the colour depth</i></li> <li>• <i>Reduce the resolution</i></li> <li>• <i>Compress the graphic</i></li> </ul>	PS
	(ii) After reducing the file size of the graphics, the catalogue still requires 1.2Gb of storage and will not fit onto a CD-ROM. State the most appropriate delivery medium for posting the catalogue to customers.	1
<b>Answer</b> AM 1.2	<ul style="list-style-type: none"> <li>• <i>DVD-ROM</i></li> </ul>	PS
	<b>Total marks</b>	<b>(15)</b>

Question			Marks
19	GoldRiver is a shopping and leisure complex. GoldRiver plans to provide electronic public information points. These points will provide information about shop locations, catering facilities and cinema listings.		
	(a)	(i) State the most appropriate delivery medium for the public information points.	1
<b>Answer</b> AM 1.2		<ul style="list-style-type: none"> <li>Kiosk</li> </ul>	PS
		(ii) State <b>two</b> reasons for your answer to part (i)	2
<b>Answer</b> AM 1.3		Any 2 from <ul style="list-style-type: none"> <li>Has a large capacity to hold lots of information</li> <li>Has a fast data transfer rate</li> <li>Touch screen is user friendly</li> <li>Robust</li> <li>Easy to update</li> </ul>	KU
	(b)	Before the information points can be used, testing must be carried out.	
		(i) Explain the purpose of <i>screen testing</i> .	1
<b>Answer</b> AM 7.2		<ul style="list-style-type: none"> <li>Make sure the text is spell checked</li> <li>Ensure layout is correct (matches design)</li> <li>Ensure graphics are not pixelated</li> <li>Make sure the audio clips run well</li> </ul> Any other suitable answer	KU
		(ii) Explain the purpose of <i>navigation testing</i> .	1
<b>Answer</b> AM 7.2		<ul style="list-style-type: none"> <li>Ensures hyperlinks work correctly</li> <li>Ensures there are smooth transitions between screens</li> </ul>	KU
	(c)	The information points make use of audio.	
		(i) State <b>two</b> possible uses of audio in GoldRiver's information points.	2
<b>Answer</b> AM 4.4		Any 2 from: <ul style="list-style-type: none"> <li>Voice output for menu choices/narration</li> <li>Playing background music</li> <li>Playing sound clips from films shown in the cinema</li> </ul>	PS
		(ii) Describe how the sampling rate affects the quality of the audio.	1
<b>Answer</b> AM 4.4		The higher the sampling rate the better the sound quality	KU

Question			Marks
19 (cont)	(d)	The information points make use of logos from different shops on some of their screens.	
	(i)	The manager of GoldRiver is concerned about including company logos on their screens. Explain why she is concerned.	1
<b>Answer</b> UI 4.2		<ul style="list-style-type: none"> <li>Logos may be copyright (<i>idea of copyright is essential</i>)</li> </ul>	PS
	(ii)	Describe what GoldRiver could do to ease the manager's concerns, while still including the company logos on their screens.	1
<b>Answer</b>		<i>Get permission from the copyright holder to use the logos</i>	PS
