Section F: Comprehension - Part 2 (5 x 2 marks)

Read the passage carefully. Then answer the questions that follow in complete sentences.

One morning, as Ken was walking home from the park, he heard a strange, chirping sound from a nearby bush. He walked towards the bush and looked beneath it. He saw a tiny, newly-hatched baby bird lying helpless on the ground. Ken picked the bird up **carefully** and gently carried it home.

Ken's mother found a small container in the kitchen. Ken and his brother, Kyle gathered bits of straw and grass to put in the container so that the bird could be comfortable in the temporary nest. Then Ken's mother called Dr Don, the veterinarian. Dr Don said the baby bird had probably fallen out of its nest.

"It would be best," said Dr Don, "if the baby bird can be returned to its own nest."

Even though Ken loved the baby bird and wanted to keep it, he decided to go look for the bird's home. So Ken and Kyle took the baby bird back to the bush where Ken had found it. Just then, Kyle found a nest near the top of one bush. In it, there were two other baby birds!

So Ken very gently put the baby bird back in its nest. "I am sure its mother and siblings will be glad to have it back home!" he said.

41. Where did Ken find the baby bird?

42. Why did Ken pick the baby bird up '*carefully*'?

43. What was the temporary nest?

44. What had happened to the baby bird before Ken found it?

45. How is the baby bird related to the two other baby birds in the nest?
