

**Question 1**

Coded message: 11, 1, 10, 9

- A) Today I feel personally moved (does not refer to dwelling)
- B) Today it is hard for me to move house (introduces hard)
- C) I don't want to dwell on today (introduces a negative)
- D) Today is the day to move on (does not refer to dwelling)
- E) **Today I am moving house (correct)**

**Question 2**

Coded message: C4, G(8,11)

- A) **The fire has gone out tonight (correct)**
- B) The moon has made today's fire cold (mixed combinations)
- C) Today the fire is as cold as the moon (unnecessary comparison)
- D) Today I saw cold fires in the night sky (introduces "I")
- E) A daytime moon makes the fires feel cold (introduces "feel")

**Question 3**

Coded message: B(3,10), C(B6)

- A) Air moves in the opposite direction to the spinning earth (introduces direction and spinning)
- B) Winds have blown the earth of its orbit (introduces orbit)
- C) Increasing air moves the soil in the opposite direction (move should be linked to air not earth/soil)
- D) **The strong winds have eroded the soil (correct)**
- E) Winds grow stronger as the Earth shrivels (introduces concept of lack of water)

**Question 4**

Coded message: (14, K6), CHJ17, 10, 1, K6

- A) I stopped breathing when I saw that pile of earth(no use of move)
- B) **The view from the mountains took my breath away (correct)**
- C) When I die, take my body to see the mountains (wrong tense)
- D) It used to be harder to move and breathe in the mountains (does not use stop, look or personal)
- E) I looked and my breathing stopped as I moved across the earth (does not use top)

**Question 5**

Coded message: 3, 5, BD1

- A) **The rain makes me feel very cold (correct)**
- B) Water increases my temperature (no air)
- C) The air and water make a beautiful cold mist (no personal)
- D) The steam is not as hot than before (no personal)
- E) The rain made me feel very cold (wrong tense)

**Question 6**

What would be the best way to encode the following:

"The cold water and the hot air made yesterday very misty"

- A) D(5, C3), CH11, 3, 5 (opposite of air is hard to interpret)
- B) D5, CD3, H11, G(3,5) (wrong tense)
- C) **D5, CD3, CH11, G(3,5) (correct)**
- D) CD5, D3, CH11, 4, 5 (mist is poorly indicated)
- E) D5, CD3, G(3, 5) (no yesterday)

**Question 7**

Coded message: (B12, 8), CJ10

- A) Moonlight increases the sense of stability (does not use move)
- B) The bright moon makes it easy to get going (correct)**
- C) The moon floats across the sky (if light is used for float then there is no use of move)
- D) The full moon has stopped shining (introduces full)
- E) The full, bright moon is on the wane (does not use enough codes – move plus the opposite of stop)

**Question 8**

Coded message : CB(1, 2), 5, C, 17

- A) My friend has water on the lung (opposite of breathe is not lung)
- B) The people I oppose breathe air (introduces air)
- C) My friend drowned (correct)**
- D) My best friend has asthma (no use of water)
- E) My friends can breathe under water (friends is plural)

**Question 9**

Coded message: C(H11), (BE)D

- A) The future is likely to be much colder (wrong tense)
- B) The future is likely to be much warmer (wrong tense)
- C) Yesterday the temperature dropped dramatically (correct)**
- D) Yesterday it was very cold (no use of fast increase)
- E) Yesterday it was freezing (freezing assumes more than simply temperature dropping)

**Question 10**

Coded message: C(1,2)A, 1AC, G(15,16)

- A) My friends are authors of books that I like (introduces friends)
- B) Other people write much better than I can (correct)**
- C) Foreigners can't write in my language (introduces language)
- D) Other people can't write as well as me (personal is negative)
- E) Other people are better at communicating than me (no paper)

**Question 11**

Coded message: B(F7), 16

- A) There is a message in the stars (correct)**
- B) I communicate with the universe (introduces personal)
- C) I have a message from another planet (the sun is not a planet)
- D) Aliens are communicating from outer space (introduces aliens)
- E) There is more communication on sunny days (introduces days)

**Question 12**

Coded message: BCD1, 10, C12, 13

- A) I am getting increasingly cold from moving heavy bags (no opposite of cold)
- B) I am less cold due to the light bag I moved (no opposite of light)
- C) **I am very hot from dragging the heavy bag (correct)**
- D) Moving light bags makes me warm (no opposite of light or use of increase)
- E) Moving dark bags in the cold is warm work (uses cold twice)

**Question 13**

Coded message: 1, G(3, 10, 5, 7, C7)A

- A) For me, the wind and rain is exciting (ignores sun)
- B) I am pleased that the clouds are blocking out the sun (ignores move)
- C) **I really enjoy changeable weather (correct)**
- D) On this sunny day the air is causing a pleasing ripple on the water (no opposite of sun)
- E) The weather is very changeable (ignores personal)

**Question 14**

Coded message: (B2, C1), E10, CE(3, 10)

- A) The gentle wind made us move more quickly than intended (no opposite of personal)
- B) The gusts of wind upset the other tribe (introduces upset)
- C) **The other tribe can run faster than the wind (correct)**
- D) They can move faster than us (ignores air)
- E) Air moves fast, people move slowly (the speeds are the wrong way round)

**Question 15**

Coded message: 1, 2, 203, 6, 14, C5

- A) People are worried by the lack of water in the earth (no personal)
- B) Looking for water in the earth worries most people (no opposite of water)
- C) The earth looks wet to us (no opposite of water)
- D) The parched earth has us all worried (no look)
- E) **We are worried because the earth looks very dry (correct)**

**Question 16**

Coded message: 1, CH102, 1,10, C12, 13

- A) I have a long term injury from carrying heavy bags (wrong tense and bags is plural)
- B) Carrying heavy bags has injured people I know (bags is plural)
- C) **I was injured because I carried the heavy bag (correct)**
- D) Light bags prevent us from getting injured (no opposite of light)
- E) I don't want to be injured by carrying a heavy bag (wrong tense)

**Question 17**

What would be the best way to encode the following:  
"Raging fires and flash floods are equally dangerous"

- A) 4, 5, 109, 103 (no sense of extreme)
- B) 4, BE5, 109, 103 (fire is understated)
- C) **BE4, BE5, 109, 103 (correct)**
- D) E(4, 5), 109, 103 (ignores increase)
- E) B(4, 5) 109, 103 (lacks speed)

**Question 18**

Coded message: 1, 202, K6

- A) I am excited by the earth's beauty (no top)
- B) I was excited when I saw a volcano erupt (introduces erupt)
- C) The earth's surface is fascinating (no personal)
- D) I feel on top of the world (correct)**
- E) I have a personal secret underneath the earth's surface (no top)

**Question 19**

Coded message: C1, 14, (202, 203, 204, 205, 206), 106

- A) You look emotionally drained (correct)**
- B) I feel emotional and empty (ignores opposite)
- C) You look a bit off colour (off colour is not the best interpretation)
- D) Showing your emotions is very personal (ignores empty)
- E) I see your moods go up and down (ignores opposite and empty)

**Question 20**

Coded message: B(1, 2), C205, H(10,B101)

- A) In future transport will be more efficient (ignores faster)
- B) Future travel will involve greater speed (no personal)
- C) We expect to travel faster in the future (correct)**
- D) We are surprised that travel is so slow (ignores future and the opposite of surprise)
- E) In this day and age we expect to travel faster (ignores future)

**Question 21**

What would be the best way to encode the following:

"People are surprised that I have lost so much weight"

- A) 2, 205, 1, 12 (no change in weight)
- B) 2, 205, (1, AB12) (assumes the weight loss is positive)
- C) 2, 205, (1, B12) (correct)**
- D) (2, 205, 1), B12 (links personal to surprise)
- E) 2, 205, (1, BC12) (suggests getting heavier)

**Question 22**

Coded message: B(2, 10), C(106, 9)

- A) People are moving into the empty houses (ignores increase)
- B) The empty houses are filling up with people (no move)
- C) People expect to be able to move into an empty house (no personal)
- D) Mass migration is causing a housing shortage (correct)**
- E) People are increasingly moving to find accommodation (ignores empty)

**Question 23**

Coded message: 14(2, 201), (1, 204)

- A) When I am angry people get hurt (ignores look)
- B) Staring at people angers them and can get me hurt (angry is linked to personal not people)
- C) Staring at people makes me hurt and angry (hurt is not linked to personal)
- D) People look hurt when I get angry (people and hurt are the primary link, not look and hurt)
- E) Watching people get hurt makes me angry (correct)

**Question 24**

Coded message: 104, 107, B(10, 108, C108), (8, 107, 109)

- A) It is fun to spend time rocking in the moonlight (ignores increase)
- B) Fun times were had moving across the moonlike landscape (wrong tense)
- C) The good times come and go like phases of the moon (correct)
- D) Looking forwards rather than backwards, night is the time to have fun (ignores similar and introduces looking)
- E) Moving at night is more fun (ignores similar)

What two additional codes would be most useful?

**Question 25**

Which would be the most useful two additional codes to convey this message: "It is increasingly worrying to see the weather conditions continue to deteriorate"

- A) It (unnecessary)
- B) Weather
- C) Continue
- D) Deteriorate (can use A,C)
- E) Conditions (unnecessary)

**Question 26**

Which would be the most useful two additional codes to convey this message: "The written word is valued more in our society than oral communication"

- A) Write (can use 15, 16)
- B) Value (can use A)
- C) Society
- D) Oral
- E) Word (part of communication)
