Sri Narayana Tirtha was born at the Village Kaza, in the Guntur district of Andhra Pradesh. He lived between 1675 - 1745 A.D. His original name was Talla Vajjhula Gollinda Sastri. He had his initial education with Sri Vasudeva Pandita. In due course of time he renunicated the family life and went to Varanasi to be a pupil of Sri Rama Govinda Tirtha.

Sri Narayana Tirtha wrote commentaries like the Sankhya Karika, the Yoga Sutra and the Sankhya Tattva Kaumudi. All his works are in chaste Sanskrit except the Parijatapaharanam, which is a Yaksha Ganam in Telugu. The most popular work of Sri Narayana Tirtha is the Sri Krishna Lila Tarangini. It is based on the 10<sup>th</sup> canto of Srimad Bhagavatam. It is a harmonious blend of devotion, music and dance. He visited many religious places in Andhra including Agiripalle, Srikakulam and Vedadri. He finally settled at Tirupandurti, close to Tanjavur.
