TURN OVER

ENVSGK10: History of Urban Design

Duration of exam: 2 Hours

Answer two out of the following four questions:

- 1 Give three historical examples of theoretical linear city projects.
- 2 Choose two European examples of major 19th century urban developments and discuss their similarities and differences in terms of urban design.
- 3 What has been the colonial influence on the urban design characteristics of the city of Shanghai?
- 4 What are the earliest historical examples of the use of the orthogonal grid in urban design and in what way can the later evolution of the grid be said to differ from the early examples?
