<b>Course name</b>	<b>Spatial Planning</b>
<b>Time allowed</b>	<b>3 hours</b>

---

**Answer any TWO questions from SIX.**

1. Discuss the definition and interpretations of the phrase 'spatial planning'. Illustrate your answer with reference to case studies of your choice.
2. Chart the development of the European Spatial Development Perspective and discuss its impact on the planning processes of different Member States.
3. 'Effective spatial planning requires strong coordination between agencies of governance to ensure a city's continual competitiveness.' Discuss the advantages and disadvantages of spatial governance being enacted and led by an elected Mayor.
4. Discuss the meaning of the term 'polycentric development', and assess the extent to which it should form a planning doctrine for the 21<sup>st</sup> century.
5. With reference to a region of your choice, critically consider if there are any opportunities provided by spatial planning to bolster territorial and cultural identity within regions.
6. Outline and critique the government's Sustainable Communities initiative, either in relation to the growth areas of the South East, or The Northern Way.
