## **ENVS1342 INTRODUCING PLANNING SYSTEMS**

**Answer any TWO questions**

1. Critically discuss the influence of globalisation on the development of cities in the early twentieth century. Comment on the extent to which the planning system helps or hinders this development.
2. 'We are gradually moving towards a European Super Plan'. Critically discuss with reference to developments in European spatial planning since 1989.
3. Outline the form that planning now takes at the national level in the UK, and how this has changed since devolution to Scotland, Wales and Northern Ireland.
4. With reference to a major development of your choice, critically discuss the extent to which some planning projects can often get the go-ahead in the national interests but to the detriment of local interests.
5. Suggest and discuss an ideal approach to ensure that local communities and local people can have a major voice within the planning system.
