ENVS1342 Introducing Planning Systems

Answer any two questions from six

1. 'The planning system comprises an interlocking framework of policy, from European to local scales'. Outline and critically discuss the relationships between these different levels of the governance of planning within the UK.
2. Discuss and review the implications of the European Spatial Development Perspective of 1999, and identify what impact it may have had on planning in individual Member States of the European Union.
3. Discuss the advantages and disadvantages of having a UK-wide national spatial plan.
4. Explain and critique the relationship between Regional Spatial Strategies and Sub-Regional Strategies in England.
5. Critically outline the process of preparing Local Development Frameworks. Discuss the opportunities for consultation and participation by members of the public and other interested parties in the local plan-making process.
6. The Government is currently consulting on the appropriateness of introducing a 'Planning Supplement Charge' to replace the process of Planning Gain. Critically comment on the proposals and discuss the advantages and disadvantages for local authorities of introducing this new tax.
