

PAPER ENVSGD08: Theories of Development and the Global Economy (2004/2005)

DURATION: 3 hours

**This paper consists of six questions. Answer THREE questions only.
All questions carry equal marks.**

1. Reflect on the meaning of globalisation from a theoretical perspective of your choice.
2. Examine the contribution of the concept of “unequal exchange” to post-war critical development theory.
3. Contrast the concepts of world hegemony and imperial power in the light of the current international situation.
4. Discuss the ways in which industrialisation strategies in the developing world have been affected by structural adjustment programmes. Illustrate with examples.
5. Discuss the place of nation states in the construction of systems of global governance.
6. Discuss the relation between sustainability and integrated development in the light of a case of your choice.
