PRIMH004

iBSc in Medical Humanities 2004-2005 History of Medicine Module (26/4/05) Exam Questions

You have three hours to complete this paper.

You must answer three questions in all. Each question carries equal marks.

Please read the questions very carefully and be sure to answer the question asked.

1. How and why has the status of doctors changed over the past 250 years in Britain?
2. Describe the different ways in which the relationship between poverty and disease was perceived during the nineteenth century.
3. Why were women in nineteenth century Britain considered particularly vulnerable to mental illness?
4. Foucault identified a 'Great Confinement' in seventeenth century France. How relevant is this concept to the mentally ill in Britain during the nineteenth century?
5. Were Freud's ideas about the unconscious new theories or a further development of ideas already expressed by others?
