TURN OVER

Paper title: The consultation in primary care

You must answer 2 (two) of the following 4 questions.

Please answer each separate question in a new answer book.

This is a 3 hour paper.

1. We should encourage a patient centred approach in all consultations. Discuss.
2. Discuss, with examples drawn from consultations you have been involved in, the advantages and disadvantages of providing continuity of care.
3. Discuss, with examples drawn from consultations you have been involved in, the concept of successful and unsuccessful consultations
4. A medical student spends the first two weeks of her Primary Care course in a single-handed practice in central London. The second fortnight is spent in a large group practice in the suburbs. Compare and contrast the nature of the consultations she is likely to have experienced in the two practices.
